Integral University, Lucknow
SPOKEN TUTORIAL PROJECT
Report

The **Spoken Tutorial project** is funded by the **National Mission on Education through ICT, MHRD**. The Spoken Tutorial Project is about teaching and learning a particular FOSS (Free and Open Source Software) and covers many useful IT topics, such as Basic IT Literacy, Tux Typing, K Turtle, C, C++, Java, PHP, Linux, Scilab, Python, Open FOAM, PERL, Ruby, Libre Office, Blender, GeoGebra, Jmol, GChemPaint and Inkscape. There are about 630 original spoken tutorials, created in English. These videos are dubbed into all 22 Indian languages.

"Integral University agreed to include Spoken Tutorials as **MOOCs** for practical courses, wherever possible". So far the University conducted about **88 trainings** in which **15017**students participated.

Total number of Workshop/Training	88
Participants Count	15017

Students can participate in these trainings through their departmental coordinators on spoken tutorial website (spoken-tutorial.org), where they can download spoken tutorials free of cost. Also, to get the **current status of all the training/workshops conducted in the campus and list of successful participants,** Click here or use the below URL as new link.
