About University

Integral University is a NAAC accredited private University established in 2004 and approved by UGC under section 2(f) and 12 (B) of UGC act 1956. It has established its own credentials and singular reputation within a very short span of time. It has marvelous ambience and academically, lively and vibrant environment, highly conducive to higher and dedicated academic pursuits.

The University is committed to generating, disseminating and preserving knowledge. Our academic programs like engineering, medicine, science, arts, architecture and management equip students with the academic rigor and intellectual capacity to meet the corporate business and global challenges.

Department of Computer Application

The Department was started in 2003 & since then it has continuously offered quality education in the field of Computer Application. The department is having ambitious objective of developing professional expertise and skilled manpower in information technology and related areas. Over the years Department has progressed at a rapid pace with its infrastructural facilities, advanced and up to date syllabi and proficient staff who are a part of various ongoing research and development activities.

About the Seminar

Worldwide users at all levels, from individuals to nation states, need to ensure that cyberspace and the systems dependent on it are resilient to evolving threats. As cyber users are increasing day by day, so does the rising demand in the awareness of cyber threats. Subsequently, different countries have come up with their own national cyber and legal frameworks. This National seminar offers an open forum for discussion on the emerging trends in cyber crimes/fraud and its security techniques in Science, Technology and Engineering.

The objective of the seminar is to introduce key challenges, threats and potential solutions in the broad area of Information and Cyber Security.
