PRESS RELEASE

Date: 05-03-2016

Symposium on “Emerging Trends and Opportunities for Civil Engineers in Construction Industry”

Lucknow 5th March: Department of Civil Engineering organised one day symposium on “Emerging Trends and Opportunities for Civil Engineers in Construction Industry” under the aegis of Academic Staff College, Integral University. To inaugurate the symposium, **Mr AK Gautam, Senior Vice President (Projects), Shalimar Construction Ltd.** was present as Guest of Honor. **Dr. DK Gupta, Engineer-in-Chief (Retd), U.P Irrigation Department** was the Chief Guest. While, the session was presided over by **Prof T Usmani, Pro Vice Chancellor, Integral University.**

Speaking on the occasion, **Mr. A K Gautam** said today’s construction industry is far ahead, in terms of technology used and time taken to do a construction. It is very important for students to learn all possible technologies which are currently used by the companies. We are living in that modern era where technology is being used in every field of life.

DK Gupta in his interesting talk emphasized on healthy living cycle. In his presentation he strictly said no to Refined and Hydrogenated Vegetable Oils. He said, Butter and Desi Ghee contain many essential ingredients that help in body immunity and smooth blood flow. Mustard oil is good as it is an anti bacterial, anti viral and anti fungal.

Mr. Devi Prasad, Chief Quality Head, Larson & Toubro and working for Lucknow Rail Metro Corporation delivered the technical session. In his session he spoke about current construction trends. He said, the next 2-3 years are going to be the moment of reckoning for the construction industry to demonstrate its managerial, financial and technical prowess to establish new benchmarks in construction management, construction quality, imparting value addition to its products and services in critical construction equipment product line. Another technical session was delivered by **Mr. Anuj Varshnaye, M/s Sthapathi Associates.**

Symposium was attended by more than 200 students, Faculty members and Research Scholars. **Mr. Nusrat Ali, Assistant Professor, Civil Engineering Department** concluded the symposium with the vote of thanks.
