About Integral University

Integral University, a seat of educational excellence, is a premier university in Lucknow, the capital city of the state of Uttar Pradesh, India. It was established under the Act Number 9 of 2004 by the State Government. The University is duly approved by the University Grants Commission (UGC) under sections 2(f) and 12B of the UGC Act, 1956, Medical Council of India, Pharmacy Council of India, Indian Nursing Council, Council of Architecture, Bar Council of India, Indian Association of Physiotherapists, National Council for Teacher Education, UP State Medical Faculty.

Integral University is accredited by NAAC and recognised as a Scientific & Industrial Research Organisation (SIRO) by the Department of Scientific & Industrial Research, Ministry of Science & Technology, Government of India.

Message from Dean

Prof. Zeba Nisar

Dean, FOAPD

The Faculty of Architecture and Planning (FOAP), Integral University is a premier institute in India for architectural education. We have a pool of teachers from all over the world with global teaching standards. This department believes in imparting education with the vision to prepare architects for entrepreneurship and innovation. The budding architects are exposed to thought provoking and intellectually inspiring sessions through studios, site visits, market surveys, building documentation & research projects which bring out the creative best in them FOAP had already worked with Oman Embassy for a reputed Stu-.2019 ,49th Oman National Day. Students are encouraged to take part in different competitions and have secured top position in the same. The faculties are also engaged in consultancy project with Government and NGOs.

The emphasis is given on exploration, exposure to wide range of disciplines, visual and communication skills and critical thinking. B.Arch program of the university is duly recognized by the Council of Architecture, India. The faculty is an abode for research and innovation. Post-graduate scholars are working uninterruptedly under the aegis of the faculty to face the challenges of the real world. Our excellent teaching standards and its resonating outcomes can be testified by Outlook's all India Survey conducted stating that 1st in U.P. and our Department has been ranked 10th all over the nation among top architectural colleges for three consecutive years.

Message from Head

Dr. Safiullah Khan

H.O.D., FOAPD

Being a creative as well as technical course, at the Department of Architecture, learning happens in diverse ways lectures, studios, interactive work hops, expert lectures, professional and co curricular events such as Women's Day, students participation in NASA (National Association of Students of Architecture) convention, competitions, symposia exchange programmes, etc., The number of practicing architects who contribute to the department is very high and this gives a healthy transfer of knowledge formally as well as enabling informal learning from enthusiastic discussions related to the discipline of architecture. The teaching staff, non teaching staff and the students are fully committed to the process of education and cooperate as well as collaborate to achieve collective excellence for the institution.

The campus for the Department constantly reflects the vibrancy of the architectural education process. Welcome to be part of our Department.

About the Department of Architecture, Planning & Design

From a pre-historic era, architecture has been one of them major contributors in the construction of a civilized society and the job of an Architect in that society is to understand the current requirements of the individuals and design space that provides solution to the existing problem.

In the pre-established Integral University, Department of architecture and planning was introduced in the year 1999 and since then, it has been an active part of this highly prestigious University. Our faculty provides best education to our students so that they can be an expert in their professional field.

For our architects to have sound technical knowledge of their profession, and for this we have adopted efficient methods of education which includes our well-equipped labs, technical experts to assist our students and professors who have been practising for more than 5 years. And we allow our students to explore the field because we believe, “observing is learning”

Our exceptional alumni are using their professional skills all around the world. Starting from Lucknow to Australia, Middle East and Canada. We take immense pride in our student’s achievements. We focus on the overall development of our students by inculcating in them the habit of life long learning, participation, professional development, research, and critical thinking, and appraising in order to provide the better use of their knowledge.

Why hire us?

We are among the best in nation.

Our excellent teaching standards and its resonating outcomes can be testified by various national/ state level rankings and surveys. Our department has been ranked 2nd in uttar pradesh and 27th in whole country by the Indian Institutional ranking framework (IIRF).

OutLook's all India Survey ranks us 1st in U.P. and 10th all over the nation among top architectural colleges for three consecutive years.

We go beyond the curriculum

As we believe preparing our students for the real world. our faculties rigorously work on conducting industry interface programs and periodic workshops of notable architects and designers. Such activities help our students in gaining exposure to the current practices like the latest building materials, construction methods and learn about new digital tools like Virtual reality (VR) & 3d printing and their application in the field of architecture and design.

Inter- personal skills

Presentations form an integral part of the student's development. it helps build conceptual clarity and trains the student to present their ideas in a logical and coherent manner. During all jury, students are required to present their research work in front of a panel of industry experts and peers.

Proficiency in softwares

We make sure that our students are well versed in all industry standard tools like MS Office, AutoCAD, Sketch-up, 3Ds max, Rhino V-ray, Revit, Lumion, Photoshop and Illustrator.
