

Dear Bioengineering Students,

There is golden opportunity to get certified from IIT Bombay for learning various offered courses for free. A 4 week activity will bring you both knowledge and Certificates. So register ASAP in following courses.

CellDesigner	Certificate	CellDesigner is a process diagram editor for drawing gene-regulatory and biochemical networks. CellDesigner is used for user-friendly visualization Modeling and Simulation of genetic regulatory networks, Protein networks and metabolic networks. Useful for Bio-Chemistry students.
Jmol Application	Certificate	Learn how to create 3D chemical, crystal and biomolecules structures. This application is useful for school students (9th standard upto Post Graduation level) as well as school teachers. Very useful to teach and learn abstract chemistry concepts.
LibreOffice Suite	Certificate	Trains in basic computer usage skills like Word processing, Spreadsheet, Presentation using the LibreOffice components Writer, Calc and Impress . One can also learn other useful components like Draw, Math and Base in this series.

A student can register for maximum of 3 Courses. There are limited seats available so register on priority basis.

Interested students may contact Er.Poonam Sharma on 9457330050 for further information till 02/11/2017.
