

DEPARTMENT OF BIOENGINEERING

Activities proposed in Session 2021-2022

S. No.	Activity	Proposed Date
1.	A Workshop on “Bioreactor and its scale-up strategies” is to be organised to gain hands on expertise on the same.	26/07/2021
2.	On account of World Food Day 2021, the students are requested to organize various awareness and informative programs at Integral University campus	8/10/2021 to 12/10/2021
3.	An awareness campaign about Common Health Ailments and Health Consciousness to be organised at village-FatehpurKhamrai, Barabanki.	on 25/10/2021
4.	A two Weeks Professional Development Program (PDP) On New Trends and Advancements in Bioengineering to be conducted by our esteemed department	15/11/2021 to 29/11/2021
5.	An awareness program on “Health and Hygiene (SwachhevamSwasthBachpan)” to be organised at Behta Village Govt. Secondary School, Behta.	18/11/2021
6.	An awareness program on “Food safety and Nutrition (SwachhevamSwasthBachpan)” to be organised at Behta Village Govt. Secondary School, Behta.	18/11/2021
7.	In commemoration of World Cancer Day, a Cancer Prevention and Awareness program on the Theme: “Close the Care” is proposed in the department under the able guidance of Prof. MLB Bhatt , Ex VC KGMU and Head, Department of Radiotherapy KGMU and Dr. Mohammad Azhar Aziz, Director, Interdisciplinary Nanotechnology Center, AMU, Aligarh.	04/02/2022
8.	A webinar on “High Throughput and Fully automated Western Blotting” to be conducted by the Department of Bioengineering and Premas Life Sciences.	15/02/2022
9.	A webinar on “Making of the Indian Rotavirus Vaccine” to be conducted	24/02/2022
10.	World Engineering Day for Sustainable Development to be	04/03/2022

	celebrated in the department.	
11.	International Women's Day to be celebrated in the department and the female staff, students was encouraged about their fundamental rights, and status of women in the society.	05/03/2022
