Report: Global Awareness Seminar on Accelerated Pathway Program

The Center for Career Guidance and Development (CCG&D) department of Integral University successfully organized a **Global Awareness Seminar on the Accelerated Pathway Program** on **16th January 2026**. Conducted in collaboration with **upGrad Education**, the seminar aimed to provide students with awareness about affordable global education pathways and the academic advantages of international study programs. A total of **35 students** from various departments participated actively, reflecting their strong interest in global higher education and international career prospects.

The event was coordinated by **Mr. Amir Khan (Manager–Corporate Relations, CCG&D)**, whose efforts ensured seamless execution of the seminar. The keynote session was delivered by **Ms. Swati Ranjan (Head – Institutional Engagement at upGrad Education)**. An alumna of IIM Indore, St. Stephen’s College, and Lady Shri Ram College, she shared valuable insights on global education trends, academic transition planning, and international career avenues.

The seminar introduced students to the Accelerated Pathway Program, which enables them to begin their academic journey in India and complete their degrees at leading universities across countries such as the USA, UK, Canada, Germany, France, Finland, Dubai, and Ireland. This model offers significant cost efficiency while providing global exposure and improved career opportunities.

Participants received comprehensive guidance on international university applications, scholarship options, visa procedures, and post-study work opportunities. Details were also shared about a complimentary one-week on-campus IELTS coaching program, which includes certified trainers, free study materials, mock tests, and exam-preparation support.

Additionally, the program’s student-centric support services were highlighted, such as personalized counselling, global education preparation kits, and access to expert-led sessions aimed at helping students prepare effectively for overseas education.

The seminar proved to be highly informative and impactful, offering students a clear understanding of international education pathways, financial planning, and global career prospects. CCG&D extends its gratitude to upGrad Education and Ms. Swati Ranjan for their valuable contribution in making the event a successful and enriching experience.

Glimpses of the Seminar –
