DEPARTMENT OF COMPUTER APPLICATION

**Strategic Academic Collaboration
with
Infosys Springboard**

Memorandum of Understanding (MoU) Signed

Empowering Learning • Enhancing Employability • Building Future-Ready Skills

Dear All,

The **Department of Computer Application** is delighted to announce that **Integral University, Lucknow** has officially signed a **Memorandum of Understanding (MoU)** with **Infosys Limited** under the prestigious **Infosys Springboard Initiative**.

This collaboration represents a significant milestone in strengthening **industry-academia engagement** and fostering a culture of **digital learning, innovation, and skill development** across the university community.

What You Will Gain Through Infosys Springboard

- Curriculum-rich digital learning resources
- Industry-recognized certification programs
- Virtual classrooms and interactive learning modules
- Assessments and programming challenges
- Courses in emerging technologies
- Professional and employability skill development
- Faculty development and learner engagement initiatives

The initiative aligns closely with the objectives of the **National Education Policy (NEP) 2020** and aims to enhance digital competencies, employability, innovation, and lifelong learning opportunities for students and faculty alike.

Through this partnership, the university will also leverage advanced learning technologies to enrich teaching-learning processes and create meaningful opportunities for academic and professional growth.

Call for Participation

We encourage all departments, faculty members, and students to actively participate in the various activities and programs that will be launched under this collaboration.

Detailed information regarding registration, onboarding sessions, and upcoming events on the Infosys Springboard platform will be shared shortly.

We look forward to your enthusiastic participation in making this initiative a grand success.
