

WEBINAR REPORT

Today, our society has become more technologically reliant than ever before, and there is no turning back now. By recognizing the importance of cybersecurity awareness, the **Uttar Pradesh Higher Education Department** has taken the initiative to direct universities/institutes for observing the first Wednesday of every month as **Cyber Awareness Day**. The department of Computer Application has seized this opportunity to educate everyone to practice information distancing and aid organizations in enhancing cyber resilience and overall cybersecurity posture through this **#BeCyberSafe** webinar. The event saw an overwhelming response by **326** registrations from various colleges/universities of India. The objective of this webinar was to acquaint the participants with the prevailing cyber security threats and educate them about the safety and security measures to adopt while using the internet and various applications.

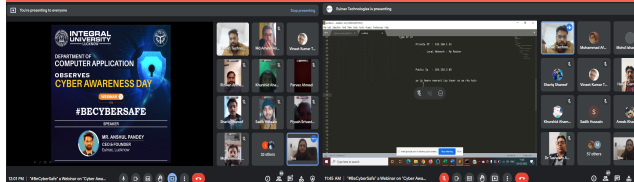

Mr. Anshul Pandey
CEO & Founder
Euinac Technologies
