INSPIRING EXCELLENCE

DEPARTMENT OF COMPUTER APPLICATION

EDITOR & DESIGNER

DIVYANSH MISHRA

BCA IIIrd Year

Our sincere efforts never go in vain and faultless completion of small objectives certainly lead us to achieve a remarkable success that proves to be a torchbearer to others. I'm privileged to share with our esteemed readers what I consider as fundamental for bringing the ALMANAC into existence is team work. I am thankful to my mentor Ms. Nashra Javed who has given me this opportunity to work with the team as a magazine designer and editor. We are extremely thankful to the alumni writers in this volume for contributing their experience in this very public way. It is a reflection of our campus, our community and our world. This magazine will continue to expand its reach to achieve its vision. I hope every page of this magazine will reconnect you to the experiences you had of the CA Department.

EDITOR & DESIGNER

A college magazine can be considered as a window opening out to everyone. I believe that every great story must be told and one of the greatest media of telling it by penning it down for others to read. We believe that this magazine will bring the entire CA department even closer by removing the geographical boundaries through the stories of alumni. In unison with the harmonious blending of ideas, I feel honored to be associated with the team ALMANAC. We have put great efforts to make this magazine enjoyable and informative. We are feeling happy to put forth this edition of the magazine in front of readers.

MAHMOOD AHMAD KHAN

FROM THE EDITOR'S DESK

FROM THE EDITOR-IN-CHIEF

MS. NASHRA JAVED

CONVENER,

DEPARTMENT ALUMNI / MEDIA / EDITORIAL COMMITTEE

ALMANAC EDITOR & DESIGNER

If the pandemic has taught us anything, it's that humans are hardwired to connect.

Each of us has struggled in myriad ways over the last two years to survive each day's new challenges. The struggle is real so is our strength to strive for a more promising future. Serving as the magazine editor has always been a part of my role that I have treasured. I take great pride in creating a quality publication that accurately reflects the department it represents. The cynosure entailed in rendering this magazine is worthwhile providing a forum to our Alumni that will surely strengthen our Alumni association bond. This magazine highlights how during an unprecedented time, the Department of Computer Application tried its best to meet challenges with adaptability and ingenuity to ensure a path to a brighter future by redefining the way we teach, learn and engage.

FROM THE CO-EDITOR

We are delighted to offer you ALMANAC magazine. Enjoy every moment since there are no rewinds in life, only flashbacks. We have worked hard to create an exciting flashback of the department's events, and achievements throughout the last two years. It is a compilation of the immense effort put forward by the invincible students and a showcase of their creativity. It attempts to bring all aspects of our own "Integral family" together. This version could be considered a remembrance of our alma mater's glory days. I hope that reading this magazine positively impacts you and inspires you to do the same for others. We may never realize how much our words and actions impact people around us. But, even if it's only within the walls of where we study, we may choose to have a positive impact on people daily in a way that could change the rest of their life. And we welcome any favorable remarks from your side.

MESSAGE FROM HON'BLE FOUNDER & CHANCELLOR

PROF. SYED WASEEM AKHTAR
FOUNDER & CHANCELLOR
INTEGRAL UNIVERSITY, LUCKNOW

"Creativity is intelligence having fun!"

- Albert Einstein

The Department of Computer Application brings the above adage to life by releasing the alumni magazine. The university presents several creative forums to encourage its students to showcase their areas of interest. The magazine provides a platform for students to discover their talents and encourages healthy competition. I am confident that the magazine will come up as a must-read chronicle on the creativity and thoughts of the students and teachers. The editorial team has done commendable work, and I wish them success in their future endeavors. By harnessing the strengths of our global network - our academics, our students and our alumni - we are working to enable social good and transform lives through education. I thank our alumni for their everlasting association with the university and congratulate the department for undertaking the innovative initiative of ALMANAC that will help our learners imbibe greater values.

INTEGRAL UNIVERSITY

LUCKNOW - INDIA

MESSAGE FROM HON'BLE PRO-CHANCELLOR

DR. SYED NADEEM AKHTAR
PRO-CHANCELLOR
INTEGRAL UNIVERSITY, LUCKNOW

It brings us delight to reminisce and continue our long-lasting ties with our alumni. I'm happy that our alumni are doing well in their careers and gaining accolades for themselves, their families and their alma mater. Let me emphasize to our alumni that in their relationship with Integral, graduation is merely a milestone and not the end. Their relationship with their alma mater continues to grow and thrive. I am pleased to note that our alumni have excelled in every field, and in addition to being good citizens, they hold respectable positions around the world. The achievements of our alumni give value to their alma mater, and the reputation of the alma mater adds value to the alumni.

Integral University has been vigorously working hard to provide its budding talents with new paths and opportunities to prepare them for real-world challenges. I hope this magazine proves to create a dynamic bond between the university and the alumni. By coming together, engaging with the alma mater, and exchanging ideas, our alumni will immensely contribute to keeping their alma mater meaningful to society in changing times, and to assist the administration in putting ideas into action to make the university pertinent for generations to come.

INTEGRAL UNIVERSITY

LUCKNOW - INDIA

HON'BLE VICE-CHANCELLOR'S MESSAGE

PROF. JAVED MUSARRAT
VICE-CHANCELLOR
INTEGRAL UNIVERSITY, LUCKNOW

The accomplishments of our alumni make us feel so proud, as many of them are playing an important part in espousing our students - something which has been even more meaningful. I feel gratified to witness our alumni staying linked to their alma mater across the globe. Some very exciting changes in the research domain are underway as part of the transformation to a research-intensive University, where the active participation of alumni in catalyzing the mutually beneficial collaborative agreements with their employer companies and institutions, guidance for job opportunities, and rendering their success stories, etc shall be vital for making this great university, even more, greater. Curriculum transformation, digital strategy, internationalization, and detailed planning for world-class infrastructure are some of the prioritized agendas that warrant alumni ardent allegiance with the university for developing a strategic plan- 2030 for the next decade. Further, the stupendous efforts of the editorial team in showcasing the overall academic and scientific activities of the Department of Computer Applications in this Annual Magazine 'ALMANAC' 2022 are deeply appreciated. I trust that this magazine will trigger enthusiasm, stimulate passion and excite young minds for creative thinking and writing, and hope it will also be instrumental in reinforcing our alumni association bond.

INTEGRAL UNIVERSITY

LUCKNOW - INDIA

MESSAGES

**MR. SYED MOHAMMAD
FAUZAN AKHTAR**
EXECUTIVE DIRECTOR
INTEGRAL UNIVERSITY, LUCKNOW

A university is predominantly defined through its Alumni. They spread the word about their alma mater as brand ambassadors for its success and reputation in society. Integral University has truly evolved from a primarily undergraduate institute into a fully-fledged technical university that has been acknowledged internationally. In the past few years, we have taken numerous steps to provide a virtual platform to our students, faculty members, and research scholars for enriching knowledge and skills. And we always look forward to building synergies and collaborations for the betterment of our society. The Department of Computer Applications has realized how to effectively benefit from any technology application by transforming their practices and identifying ways for adaptations in their contexts. I appreciate the tremendous efforts of the editorial team in delivering the departmental alumni magazine for developing long-lasting ties with alumni around the world.

We recognize, acknowledge, and embrace our alumni as vital stakeholders in the expansion of the university and to take it to even greater heights. The prime focus of this volume addresses the perpetual change and the need for adaptation during the Covid-19 pandemic, which highlights the crucial need for an educated and engaged citizenry. The department of Computer Application beckons curious learners — those seeking the skills and knowledge to improve the world around them. The department caters to its students by guiding and nurturing their interests, and our teaching fraternity walks alongside them as partners in their respective journeys. Our distinguished alumnus utilizes the skills and knowledge acquired here and establishes them in society for the betterment and improvisation of our nation. We will always appreciate the success stories that keep you connected to your alma mater. Let's stay connected and participate in and support the programs, services, and numerous campus activities and events.

MR. SYED ADNAN AKHTAR
EXECUTIVE DIRECTOR
DIRECTORATE OF
INTERNATIONAL AFFAIRS
INTEGRAL UNIVERSITY, LUCKNOW

INTEGRAL UNIVERSITY

LUCKNOW - INDIA

**PROF. MOHAMMAD HARIS
SIDDIQUI**
REGISTRAR
INTEGRAL UNIVERSITY, LUCKNOW

I genuinely believe that the more rooted we are, the stronger we grow in our lives. Alumni are the driving force that connects us to our wisdom origins. I appreciate the efforts made by the Department of Computer Application to keep this valued association robust and steadfast in enhancing the quality of our academic programs and other aspects of our operations. It will surely go a long way in ensuring constant improvements to the institution - your Alma Mater - and culminate in exemplary service standards to our present and past student community. I always look forward to their continuing involvement in the coming years as we march ahead in unison towards a new zenith of achievements. Keep us updated on your achievements and milestones; it may inspire juveniles in their career pursuit. I strongly encourage you to return to campus, talk to student groups and give career advice, mentor a student, and cheer on our student-athletes during a sporting event. We can help the institution achieve new pinnacles in its quest for academic excellence with a stronger alumni association bond.

An ideal institution provides quality education to its students. It consists of a series of sustainable development goals, each raising the individual to a higher level of awareness, understanding, and kinship for the total development of an individual, which further contributes to the productive evolution of the nation. Integral University has maintained the growth of education rates since its establishment and making rigorous efforts under the leadership of visionary Chancellor and Founder Prof. Syed Waseem Akhtar for opening up new vistas of further expansion to brace and strengthen the institution and to create new benchmarks of excellence in all spheres of life. Our mission of improving the equity and inclusivity of our education system is promising, and we are proud of the progress we have made so far in the innovative student-teacher learning environment that endeavors excellence. The curriculum offered in the Department of Computer Application is a resourceful variety of technological proficiency to make significant contributions toward addressing the major opportunities and challenges of the future. For the betterment of their Alma Mater, I do hope that our Alumni will shoulder the grave responsibility of taking the university to the newer heights of excellence and triumph with heart and soul. Heartiest congratulations on the release of "Almanac" magazine. Wish you all a grand success in your future endeavors.

INTEGRAL UNIVERSITY, LUCKNOW

INTEGRAL UNIVERSITY

LUCKNOW - INDIA

PROF. SYED AQEEL AHMAD
DIRECTOR
HUMAN RESOURCE AND
DEVELOPMENT CENTRE
INTEGRAL UNIVERSITY, LUCKNOW

The future belongs to those who believe in the capabilities of young minds. All our endeavors for achieving academic excellence are driven by the goal of creating a solid edifice for a bright future for epochs. Ingrained with a philanthropic vision and missionary ardor to encourage the Integralites to achieve brilliance in their chosen fields of study, the department of Computer Application has already carved a niche for itself in academia worldwide. The department provides numerous opportunities for its students to showcase their talent on various platforms. The students are given the needful exposure and experience through seminars, internships, workshops, and continuous interaction in terms of projects. I appreciate our Alumni who have been the torchbearers for young aspirants. This magazine will strengthen the bond that you share with your alma mater.

I congratulate the department of Computer Application on publishing the second departmental Alumni magazine. I am proud to know about our Alumni working in various top IT companies. We request our Alumni to keep us informed of their current accomplishments and milestones, as it can motivate our students and young aspirants. This magazine will be the platform for the department and its Alumni to connect, communicate and converge. Through the contribution and support of our Alumni, we can help the university be recognized globally, provide career insights, mentor students and organize skill-oriented events. To foster a long-lasting Alumni Association, I appreciate the efforts taken by the department. The magazine offers insight into various initiatives during the most challenging times.

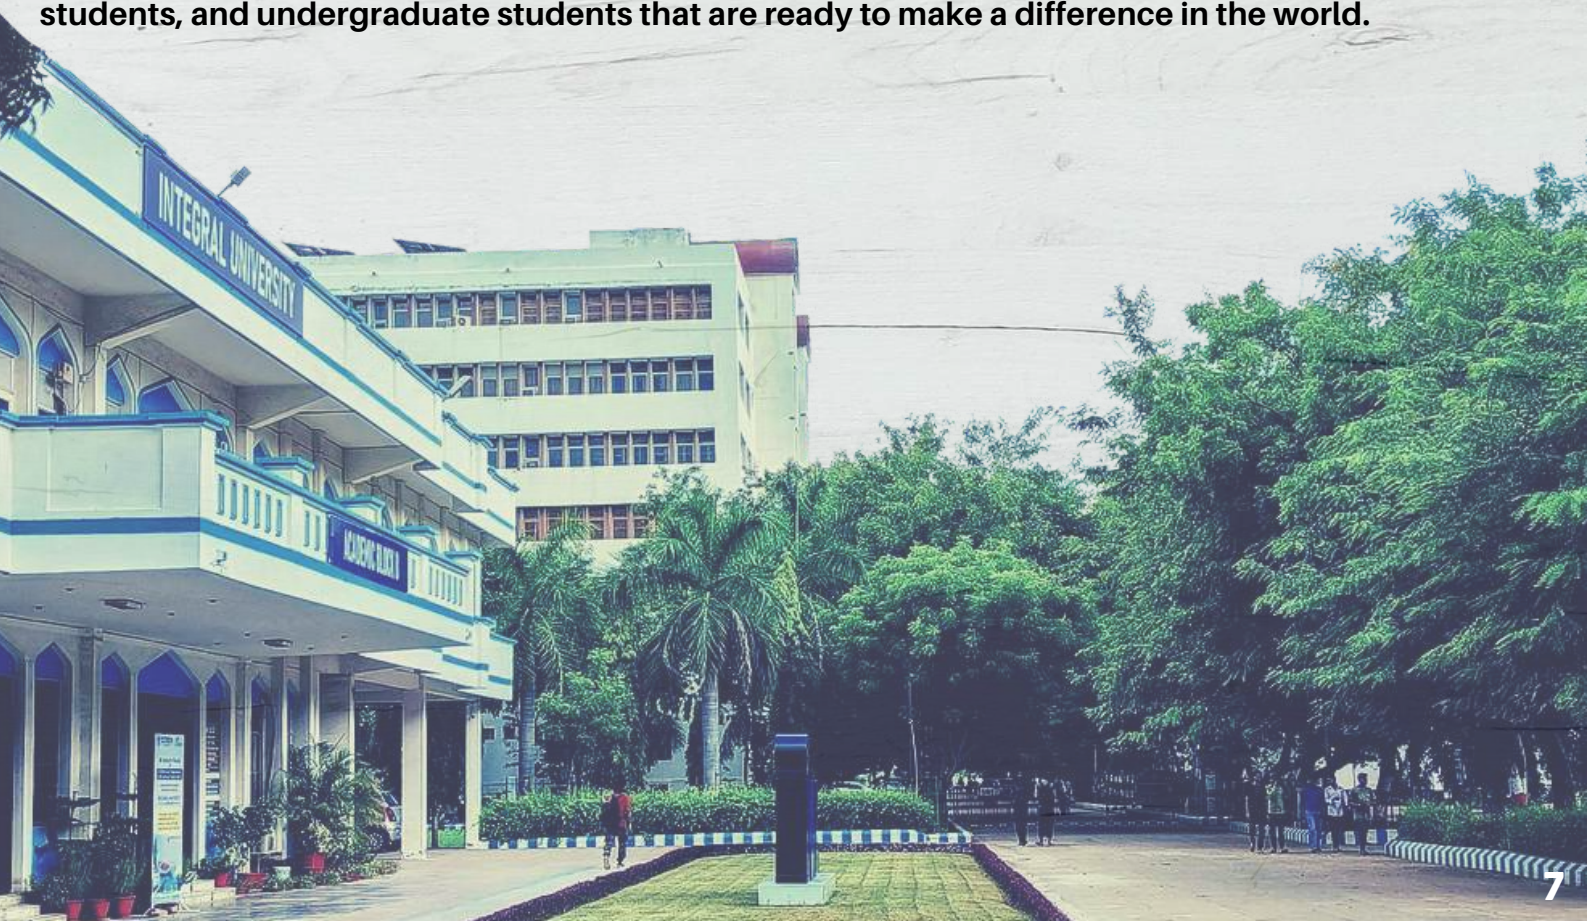

PROF. MISBAHUL HASAN

INTERNAL QUALITY ASSURANCE CELL
INTEGRAL UNIVERSITY, LUCKNOW

—DEPARTMENT OF— COMPUTER APPLICATION

ABOUT THE DEPARTMENT

The Department was established in 2003 and is one of the most reputed academic departments in the field of Computer Application. The curriculum of this department is addressed to the students who wish to be distinguished as Software Developer, Computer System Analyst, Software engineers, Software Application Architect, Hardware Engineer, Software Consultant, Database Administrator in the private and public sectors. You can become part of this highly competitive and futuristic environment by enrolling in one of our exciting programs. The Department offers a 6 semester Bachelor's program in Computer Application (BCA), and a 4 semester Master's program in Computer Application (MCA). The combination of a dynamic and innovative curriculum that takes advantage of the latest technologies, with the experienced faculties of the Department, creates a fertile ground for the effective dissemination of knowledge and the development of the necessary skills for future professional recognition of the Department's students.

The Department promotes research advancements by offering doctoral programs, contributing to the creation of future researchers and powerful academicians. The thrust areas offered by the Department are Cyber Security, Big Data Analytics, Cloud Computing, Image Processing, Web Engineering, and Software Engineering. The department has dedicated staff who, through ongoing research, keep abreast of new developments in respective fields of study. Our staffs are very active researchers, publishing widely in international and local accredited journals, presenting many papers at conferences and producing many other research outputs of high international standards. The department continues to build on a tradition of excellence and innovation in research, teaching, and service to create a vibrant community of faculty, graduate students, and undergraduate students that are ready to make a difference in the world.

—DEPARTMENT OF— COMPUTER APPLICATION

PROF. T. USMANI
DEAN
FACULTY OF ENGINEERING & IT

DEAN'S NOTE

The 'ALMANAC' magazine of the Department of Computer Application highlights the active engagement of the department in conducting a plethora of activities for the development of our students and staff. I am delighted to see the energy and enthusiasm of the department to take initiatives in establishing better alumni relationships. Our faculty, to whom our students and alumni owe so much, are advancing knowledge in every realm of computer application and undertaking research. I want to commend them for their leadership in developing the department's strategic plan and their commitment to delivering quality education. I acknowledge our alumni for their remarkable contributions, and I am deeply grateful for their active support in the department. I encourage all Alumni to look up; strive to achieve new heights; reach out to their peers and mentors and thank them for their support and friendship. And when you have time, come back and join us for any event. Many notable changes have taken place at your alma mater, but you'll find that there are still many reminders here that will take you back to your days at Integral University.

HEAD'S NOTE

For everyone in our community affected by the exceptional global events of 2020, it has been an extraordinarily challenging time. My thoughts are with those who have lost their loved ones during this pandemic. I wish them more strength and good health. Our university has undertaken many good initiatives for improvising the quality of teaching & learning to benefit the whole community. I am proud of how quickly we adapt to new circumstances, revising assessments and examinations for our students. The alumni magazine shares the stories of change, growth, and transformation happening for years. This magazine reflects on our department and our community. Your words are touching and inspiring and beautifully demonstrate the lifelong impact of an IU experience. You can have an insight into the initiatives taken for pandemic preparedness and education continuity by our department. Together we can make the department reach new heights and realize the department's vision. Let's stay in touch and participate in our vibrant community.

DR. MOHAMMAD
FAISAL
HEAD
COMPUTER APPLICATION

MOMENT OF PRIDE

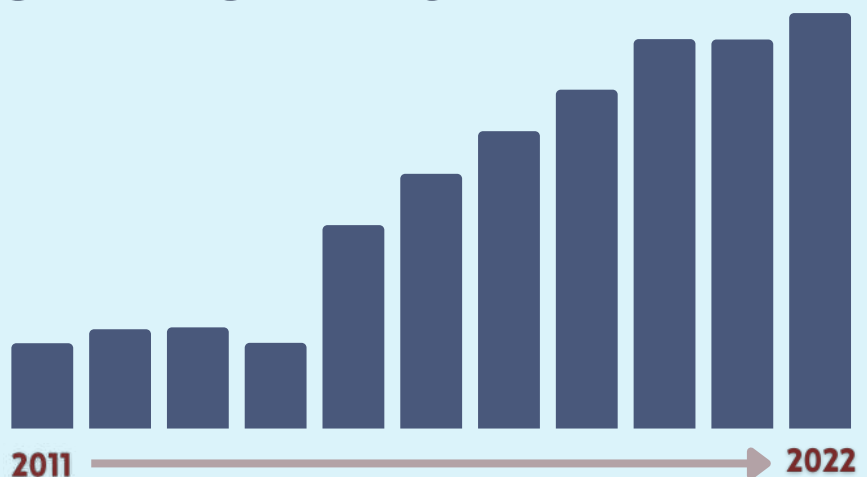

TARANNUM FIRDAUS UNIVERSITY TOPPER 2020

Integral University is a place that has become a part of my life, and the memories I made here will always be intact within my heart. College life starts when the teenage years come to an end, we embark upon the grounds of new opportunities. I had completed my Bachelor's and Master's degrees from here, and I still remember the first day of my college very clearly. I came all puzzled and nervous, but the teachers of the Computer Application department helped me a lot to adjust to the environment. They were always encouraging and supportive, not just in academics but to enhance the overall personality. Even during the last semester, the covid-19 pandemic hasn't stopped our education as our teachers were always in constant touch with us and helped whenever we had any doubt. I have no words to thank enough for making me the person I am now. I am grateful to be a part of the Integral Family.

MOHD MUSHTAK ANSARI

It's always a delight to talk about my alma mater. It is very close to my heart because I have spent my golden academic life and was also a part of the teaching fraternity. It's a great place to learn about emerging Software and Computer technologies. The department has well-equipped Computer labs and supportive, knowledgeable faculty members who give individual attention and counseling to the students. I appreciate the department for conducting frequent alumni meets. Some good initiatives strengthen alumni bonds through social media platforms.

MOHD AMAAN

I am thankful to my Alma mater - Integral University for making me what I am today. The time that I have spent being an Integralite, has embarked its mark on my life. IU has always been on the top of the line, be it the campus or the faculty. The faculty has taught me everything that is required to be a successful software professional. Department's labs and classrooms are well equipped with the latest technologies which helped the students to have an extra edge over the competitors. My Mentors were always ready to help me whenever I needed it, for which I will ever be grateful to them.

SYED IVAN

At the very outset, I would like to express my exuberant thanks to the Integral family. I extend warm regards to my department, the Department of Computer Applications, which has helped me greatly in my success. My experience at this temple of learning was very different and has led me to explore and learn new things in terms of personal and professional aspects. Various co-curricular activities encouraged my confidence and leadership skills. Attending the cultural fest, FIESTA was always a memorable experience that helped me to understand my potential and participate in numerous activities. The aura of the University has always been positive and has motivated us to pursue our cordial relationship between the faculty and the students have helped me and other students to excel on the professional fronts. My academic life has been enriched by the student-friendly atmosphere of dreams at Integral University. I will always be grateful to IU for giving me a multi-dimensional learning experience.

DR. SALMAN KHAN
PRESIDENT
AWAIU
INTEGRAL UNIVERSITY, LUCKNOW

The Integral University Alumni Association is worthy of praise for reaching out to the alumni and connecting them to their alma mater. It is indeed through their untiring efforts that a strong bond has been built between them and the University. This eternal tie will act as a pillar of support for both the University and the alumni as alumni of any institute are its lifetime achievement. The University has achieved great heights in the past decade for which it becomes necessary to thank its past and present students who put in all their efforts to come out victorious in the competitions of life.

WEBINAR REPORT

Today, our society has become more technologically reliant than ever before, and there is no turning back now. By recognizing the importance of cybersecurity awareness, the Uttar Pradesh Higher Education Department has taken the initiative to direct universities/institutes for observing the first Wednesday of every month as Cyber Awareness Day. The department of Computer Application has seized this opportunity to educate everyone to practice information distancing and aid organizations in enhancing cyber resilience and overall cybersecurity posture through this #BeCyberSafe webinar. The event saw an overwhelming response by 326 registrations from various colleges/universities of India. The objective of this webinar was to acquaint the participants with the prevailing cyber security threats and educate them about the safety and security measures to adopt while using the internet and various applications.

Webinar speaker Mr. Anshul Pandey is the CEO & Founder of Eunoia Technologies. He is an expert in cyber security training and has held various training sessions starting from the top leadership of Fortune 500 companies, IT Managers, developers, and budding students. He is an avid speaker and delivers talks at prestigious platforms like Indian Army, Global Infosec Summit, NPCL, IITs, and many privates and government Universities.

Webinar Highlights

- Work on different digital platforms safely
- Cybercrimes against women & impersonation scams
- Safety in financial e-transactions
