

**Panel of Examiners for Semester-End (ODD) Practical Examinations.**

Name of the Department : Mathematics & Statistics

| S.No. | Lab course Code | Lab course Name                                          | Program                                             | CA Max Marks | ESE Max Mark | Tentative Date of Examination | Year/ Sem. | Group |
|-------|-----------------|----------------------------------------------------------|-----------------------------------------------------|--------------|--------------|-------------------------------|------------|-------|
| 1     | B060503P/ MT329 | Non Parametric Methods & Design of Experiments           | B.Sc PMS                                            | 25           | 75           | 19.11.2025                    | III/V      |       |
| 2     | B060302P/ MT231 | Sampling Survey Lab                                      | B.Sc (H) Statistics with CS                         | 25           | 75           | 19.11.2025                    | II/III     |       |
| 3     | B060101P/ MT140 | Descriptive Data Analysis Lab (Univariate)               | B.Sc (H) Statistics with CS                         | 25           | 75           | 19.11.2025                    | I/I        |       |
| 4     | MT222           | Mathematics in Agricultural Engineering - III            | B. Tech. AGR                                        | 10           | 20           | 20.11.2025                    | II/III     |       |
| 5     | MT133           | Mathematics in Agricultural Engineering -I (Carryover)   | B. Tech. AGR                                        | 10           | 20           | 20.11.2025                    | I/I        |       |
| 6     | MT137           | MATLAB                                                   | B.Sc. (Hons.) Mathematics                           | 25           | 75           | 20.11.2025                    | I/I        |       |
| 7     | MT526           | Demography and Statistical Process & Product Control lab | M.Sc (Statistics)                                   | 60           | 40           | 21.11.2025                    | II/III     |       |
| 8     | STAT511         | Experimental Designs                                     | M. Sc. Agronomy / Horticulture/ GPB/ Social Science | 10           | 20           | 21.11.2025                    | I/I        |       |
|       |                 |                                                          |                                                     |              |              |                               |            |       |
