### World Antimicrobial Resistance Awareness Week WAAW-2024

*Theme: Fighting Antimicrobial Resistance Takes All of Us*  
**18-24 November, 2024**

The World Health Organization observes World Antimicrobial Resistance Awareness Week (WAAW) every year from November 18 to 24 in order to apprise the community on global antimicrobial resistance. This year the theme for Antimicrobial resistance Awareness Week is "Fighting Antimicrobial Resistance Takes All of Us." Working together, through a One Health approach, we must improve the global prescribing and use of antibiotic and antifungal drugs and invest in global prevention actions across the health of humans, animals, plants, and the environment. It promotes the dissemination of knowledge in order to prevent and minimize resistance. In this context, the Faculty of Pharmacy is going to observe World Antimicrobial Awareness Week from 18 to 24 November, 2024. The proposed programs and various events are as follows:

S. No.	Date	Theme	Event
1.	18.11.2024	<i>Fighting Antimicrobial Resistance Takes All of Us</i>	Slogan Writing Competition
2.	19.11.2024	<i>Global Antimicrobial Resistance</i>	Debate Competition on the topic "Should antibiotic use be globally regulated to curb resistance?"
3.	20.11.2024	<i>Human Health &amp; Antimicrobial Resistance</i>	Street Play (Nukkad Natak)
4.	21.11.2024	<i>Animal Health &amp; Antimicrobial Resistance</i>	Essay Writing Competition
5.	22.11.2024	<i>Antimicrobial Resistance in Agriculture and the Environment</i>	Poster Presentation
6.	23.11.2024	<i>One Health Approach to Antimicrobial Resistance</i>	Seminar
