WORK HISTORY

UI Developer | CEDCOSS Technologies Private Limited

02/2022 - Current

- Successfully completed multiple web development projects from start to finish, demonstrating proficiency in UI Development
- Collaborated closely with the user experience team to design and then implement cutting edge UI designs
- Conducted code reviews and collaborated with fellow developers to identify and resolve bugs and issues, contributing to the overall quality of the codebase
- Actively participated in Agile development processes, contributing to sprint planning, stand-up meetings, and retrospectives
- Mentored junior developers, sharing best practices in UI development and fostering professional growth.
- Contributed to the establishment of design guidelines, standardizing the look and feel across multiple applications.
- Worked closely with product managers to refine requirements, translating them into functional designs.
- Improved accessibility by implementing WCAG-compliant features, making applications usable for all users regardless of ability or disability status.
- Developed custom UI components to address unique business requirements and improve overall functionality.
- Streamlined application performance by optimizing code and reducing load times.

- Worked on ecommerce store development, theme customization, shopify apps using Liquid, Bootstrap, HTML, CSS, jQuery
- Developed custom web applications, resulting in tailored solutions for client needs.
- Coordinate with a team of UX and UI developers to build quality web applications with cross-browser compatibility
- Assisted in the optimization of web applications for speed and performance

TASKS PROJECTS

- Shein CedCommerce Integration: an app to integrate your Shopify store with Shein Marketplace. Used Polaris React components to translate Figma design into an interactive user interface and build a quality app with cross-browser compatibility. Link: <https://shein-dev.cifapps.com>
- Shoptline eBay/Amazon/Catch Integration : an app to integrate your Shoptline store with eBay/Amazon/Catch marketplaces. Used React, Ounce (Design System) to translate Figma design into an interactive user interface. Link: <https://apps.shoptline.com/search/?appName=cedcommerce&Page=1>
- Zoho Inventory Integration: an e-commerce solution that helps businesses sell on multiple marketplaces and platforms. Used React, Ounce (Design System) to translate Figma design into an interactive user interface. Link: <https://zohoinventory.cifapps.com/auth/login>
- Cedcommerce Etsy/Onbuy/Fruugo Integration Apps: Analyzed existing integration apps and identify opportunities to enhance functionality and improve the user experience. Used shopify polaris components to customize and enhance the app. Link: <https://apps.shopify.com/partners/cedcommerce>
- Worked on shopify store development, theme customization, shopify apps using Liquid, Bootstrap, HTML, CSS, jQuery.
