EDUCATION

Master of Computer Application	**August 2023 - July 2025**
khwaja Moinddin chisti Language University	
CGPA (first year): 8.52/10	

Bachelor of Computer Application	**July 2020 - July 2023**
khwaja Moinddin Chisti Language University	
CGPA: 8.36/10	

PROJECTS

AI-based Online Job Portal (2025)
Designed and developed an intelligent job portal using Python (Django) and Natural Language Processing (NLP) techniques. The platform allows seamless interaction between job seekers and HR recruiters. Implemented automated resume screening by extracting key information (e.g., skills, experience, education) and assigning candidate scores based on job relevance. Features include user registration, job posting, resume upload, applicant tracking, and admin control**.**

Grocery Store Application (2024)
Developed a Python-based inventory management system integrated with a MySQL backend. The application automates product entry, stock management, and sales tracking. Features include user-friendly product categorization, issuing access control, and real-time stock updates.
