## JOB OPENING

# Faculty Positions- Robotics and AI

Integral University is inviting online applications for faculty positions in the field of robotics. The candidates are expected to have a doctorate (Desirable) in the relevant field or similar experience, an extraordinary track record of accomplishments, and a track record of significant research in academia, business, or national laboratories. They should have a proven track record of dedication to advancing the intellectual diversity of the College, serving the institution and the profession, and teaching at the undergraduate and graduate levels. Responsibilities will include instruction, seminars, independent study project supervision advising undergraduate and graduate students, and supervision of graduate and doctoral research. Other responsibilities include development of new or reformed courses, curricula, degree programs and training programs; educational publications, textbooks and other instructional materials.

Applications are invited from candidates in all fields of robotics-related research such as motion planning, robot perception, manipulation, computer vision, formation control, machine learning, etc. Understanding in hardware and practical implementation in one or more of the following: C++, Python, ROS, Matlab, etc is desired. You can read more about our robotics initiative at www.robotics.iul.ac.in.

## Application and contact

You can apply for the position online through the Career page on www.iul.ac.in. Any enquiries pertaining to the position may be sent to registrar[at]iul.ac.in.

IU is an equal opportunity employer. All interested candidates irrespective of age, gender, race, disability, religion or ethnic background are encouraged to apply.

## About the University

Integral University is built on strong foundations. We are helping to create a better world and to solve the global challenges formulated in the UN's 17 Sustainable Development Goals. Prof. S.W. Akhtar founded IU in 1997 with a clear vision to integrate the ebullience, intellect and dynamism of youth with decency, decorum, discipline and dedication through value-based quality education. That vision lives on today. For years, our students have proven to be entrepreneurial problem-solvers, both in business and social context. IU has over 12,000 students from over 30 countries. We work in an inclusive, evolving, and respectful working environment.
