Essential Qualification :

(a) **For Department of Bioengineering, Computer Application, Computer Science & Engineering and Electrical Engineering**

Bachelor's or Master's Degree in the desired/related field of specialization.

(b) **For Department of Humanities & Social Sciences**

Master's Degree in the desired/related field of specialization.

(c) **For Department of Mass Communication**

(i) **Camera Attendant**

The candidate should have passed Intermediate/12th or equivalent examination, with the ability to handle and transport heavy camera equipment, including lifting and carrying. The candidate should possess working proficiency in handling cameras, microphones, tripods, and basic editing equipment. A meticulous approach towards camera preparation and lens maintenance/cleaning is essential. Strong interpersonal and teamwork skills are required for effective collaboration with camera operators and production staff.

(ii) **TV Graphic Designer**

The candidate should have passed Intermediate/12th or equivalent examination and possess the ability to create visually appealing and engaging thumbnails, particularly for digital platforms such as YouTube. The candidate should be capable of collaborating with the content team to ensure that visual outputs align with the video content and institutional branding. Knowledge of current industry trends and best practices in graphic design is desirable to optimize viewer engagement. The candidate must ensure timely delivery of assignments while maintaining high-quality standards.

(iii) **Lighting Assistant**

The candidate should have passed Intermediate/12th or equivalent examination, along with 2 to 5 years of post-qualification experience in electrical installation and maintenance, preferably in a professional or commercial setup. Preference shall be given to candidates having experience in theatre, live events, or entertainment technology. The candidate should have working knowledge of stage lighting systems, including dimmers, console programming, and power distribution (including 3-phase systems), as well as familiarity with theatre lighting fixtures. A sound understanding of cables and connectors used in audio-visual production is essential.

(c) **For Department of Pharmacy**

Bachelor in Pharmacy/Diploma in Pharmacy.

(d) **For Department of Electronics Engineering-Polytechnic Lucknow Campus**

Diploma in Electronics Engineering with three years' experience or B.Tech. in Electronics Engineering.

Interested candidates may apply online through the career page on www.iul.ac.in latest by **05-05-2026**.
