Department of Computer Application
Under the aegis of
Indian Society for Technical Education (ISTE)

Brief Report

Department of Computer Application organized **“CODE UNCODE 2014”**, an international online programming competition in association with EC- Council under the aegis of **ISTE** Student Chapter on **18th September 2014**. EC-Council (International Council of E-Commerce Consultants) is a USA based world’s largest certification body for Information Security professionals. This was an international event where students, corporates and professionals participated and competed on the various levels of the competition. The event bring together existing and aspiring secure programming enthusiasts from all facets of the infosec world - from the Corporates and government bodies to academic institutions. There was a good turnover of registered students and final year students enthusiastically participated in the event. A total of 213 students registered and appeared in the test.
