

Report on Alumni Interaction Program by Alumnus Er. Salman Khan (2014 Batch)

The Integral University Alumni Association (IUAA) in coordination with Department of Civil Engineering, Integral University, Lucknow conducted an online Alumni Interaction program for students on 13th February 2021 on Google Meet from 11:00 AM to 12:00 PM which had a participation of 61 students. The guest speaker of this program was Alumnus **Er. Salman Khan, Assistant Planning Manager at Paradigm Realty Group, Mumbai (India)**. Programme started with a welcome address delivered by Dr. Sabih Ahmad, Associate Professor, Department of Civil Engineering which was followed by an Informative and Motivating lecture delivered by the Guest speaker.

The speaker discussed the importance of **Microsoft Projects Software** in planning and implementation of any Civil Engineering Project with emphasis on Building Project. He shared factual information with students and explained that various tasks such as developing a schedule, assigning resources, tracking progress and analyzing workloads can be easily done by using **Microsoft Projects**. He also briefly explained about another software **Primavera** used by Planning Engineers of Construction Industry. He also stressed the students to study the IS codes as all construction work is as per Indian Standard codes.

The various doubts in the minds of students related to jobs opportunities and challenges at the construction site were cleared by the speaker while answering to questions put by students.

After the program, **Certificate of Appreciation** was given to **Er. Salman Khan** by Integral University Alumni Association (IUAA).

The program concluded with the vote of thanks delivered by Mr. Anwar Ahmad, Associate Professor, Department of Civil Engineering.
