QUIZ COMPETITION
Epsilon-2021: “Feel the Magnificence of Maths”
Organized by
Department of Applied Mathematics
University Polytechnic, Lucknow
On
December 02, 2021

The Department of Applied Mathematics, University Polytechnic, Integral University had organized a **Quiz Competition** on 14.11.2021 & 02.12.2021 in the Polytechnic building, Lucknow. The quiz was themed as **EPSILON-2021, “Feel the magnificence of Mathematics”**.

Mathematics is the master of all engineering and in fact everything in the universe. However, this subject is usually presumed to be a tough task by many students. The faculty of Applied Mathematics Department organizes this quiz competition every year to inculcate in students the importance of the subject ‘Mathematics’ across all academic fields and to develop interest of the students in a creative manner. Also, this quiz is a platform to recognize and reward young and talented students within the University.

The quiz was conducted in two Rounds: **Preliminary Round** was held on the occasion of Children’s Day (**14th November 2021**) in online mode. Around 200 students of the university actively registered and participated in the quiz. Top scorers of the first round qualified for the **Final Round** which was held on **2nd December 2021** in offline mode.

Highlights of the Event:

The event started with an inaugural speech by **Dr. K. M. Moeed, Principal University Polytechnic, Integral University**, who welcomed the participants and the audience with his motivational words. The audience was then addressed by **Dr. Divesh Srivastava, the Convenor** of the event and **Dr. Hiba Haroon, the Chief Organizer** of the event.

The students who qualified round 1 were divided into four teams, **Alpha, Beta, Gamma and Delta** each comprising two participants. The quiz was organized in several rounds namely **quick with answer round, buzzer round, rapid fire round and visual round**, effectively conducted by the faculty of Applied Mathematics Department. The teams engaged in brain wrenching sessions which were exciting for the participants and the audience likewise. A healthy camaraderie was witnessed amongst the ‘Math wizards’ while they vied for the top position. The ultimate winners were decided on the basis of their team coordination and the final questions posed by the judges. Following are the list of participants who won the prizes:

Winners- Team Delta:

- Tahsib Khan (B.Tech. in Electronics Engineering II YEAR)
- Imran Khan (B.Tech. in Electronics Engineering II YEAR)

1st Runner-Up- Team Gamma:

- Arif Ansari (Diploma in Electrical Engineering II YEAR)
- Saleem Ahmad (Diploma in Mechanical Engineering II YEAR)

2nd Runner-Up: Team Alpha-

- Sajid Ahmad (Diploma in Electrical Engineering III YEAR)
- Aman Pathak (Diploma in Electrical Engineering III YEAR)

3rd Runner-Up: Team Beta-

- Gulam Gaus (Diploma in Electrical Engineering III YEAR)
- Minhajul Abdin (Diploma in Mechanical Engineering III YEAR)

Special mention:

- Aboo Talib (B. Pharm II YEAR)

Prize Distribution/Valedictory session

The Valedictory session was held on 06.12.2021 where the Winners and the participants were awarded with medals, trophies and certificates. Vote of thanks was delivered by **Dr. Hiba Haroon, Chief Organizer** of the event. The organizing team, session judges and student volunteers were also felicitated.
