-----LUCKNOW-INDIA-----**A BRIEF REPORT ON
EXTENSION ACTIVITY ON
“ROG MUKT BACHPAN”**

BY SETTING UP

AROGYA VATIKA AT PRATHMIK VIDYALAYA SADAMAU, B.K.T

ORGANIZED BY

DEPARTMENT OF BIOSCIENCES

IN COLLABORATION WITH NSS

UNDER

SCIENCE ANGELS/ VIGYAN MITRA INITIATIVE

OF RISE

MAY 19, 2022

Dear All,

An extension activity at the Sadamau Village, Kursi Road, Tehsil Bakshi Ka Talab, was organized by the **Department of Biosciences** in collaboration with **National Service Scheme (NSS)** on **19th May 2022**. This extension activity was carried out under the **Science Angels/Vigyan Mitra (SA/VM)** initiative of **Research and Innovation in Science and Engineering (RISE)** program of the department. The faculty coordinators for the program were **Dr. Amita Dubey** Convener, (SA/VM) and **Dr. Jahanarah Khatoon** Member, (SA/VM) of the Department of Biosciences. The UG and PG

students of the department actively participated in the event. The student coordinators for the event were Ms. Sheikh Muskan and Mr. Faisal Khan of M.Sc. Biotechnology second year. The activity was carried out at the **Prathmik Vidyalaya Sadamau, B.K.T., Lucknow** included setting up an "AROGYA VATIKA" at the primary school. The importance of medicinal plants was explained to the school children with the help of charts and posters. The saplings of medicinal plants like Tulsi, Meethi neem, Aloe vera, Lemon grass, etc. were used for setting up the "AROGYA VATIKA". The school children, their parents as well as the local residents of the area were educated about the importance of planting trees for the benefit of our environment. Importance of herbal medicines over allopathic drugs was also explained to them.
