

A Brief Report of Outreach program on “Green practice: Beyond campus” at Sargam Apartment, Kursi road Lucknow held on 15th March, 2022 organized by the Department of Civil Engineering, Integral University, Lucknow.

Nature is God’s most beautiful creation. It felicitates the growth, development and nourishment of all its creatures. As the Department of Civil Engineering enable the students to enhance their intellectual, social, personal and emotional growth. An outreach program on “Green practice: beyond campus” at the Sargam Apartment, Kursi road Lucknow was organized by the Department of Civil Engineering on 15th March 2022 wherein sapling of various trees were planted. The faculty coordinator for the program were Mr. Nusrat Ali and Mr. Mohd. Sadat, Assistant Professor, Department of Civil Engineering. The students of Civil Engineering actively participated in the event. Student’s coordinators were Athar Ali Azad and Anam of B.Tech. 4th and 3rd year respectively.

The main aim of this outreach program was to direct student’s mind in constructive activities which have positive outcomes towards the society.

Students brought various saplings including Guava and Sagwan tree. The students participated in the drive enthusiastically and helped each other in planting the saplings. Total 38 saplings were planted along the boundary wall of the apartment campus by the students. The students along with the teachers and residents also took an oath to look after the planted saplings, Plant more and more trees and encourage others to do the same. Some of the students also shared their experiences and shared their joy with others.

Such little steps taken by the department along with students will surely help in fostering strong mental and social health amongst today’s children so that they connect with their peers, their elders, their community and their environment.
