**Report on World Mental Health Awareness Day organized by Department of Biosciences on 20th
September 2022**

An awareness and sensitization program on positive mental health and well being to commemorate world suicide prevention day was conducted by **Department of Biosciences**, Integral University, Lucknow in association with **NurtureLife**, a non-profit organization (NGO) on 20th September 2022 in Central Auditorium, Integral University. The theme for this program was '*Creating hope through action*'. The aim was to discuss and provide solutions to mental health issues by stimulating simple interventions within the community. Mental wellness is a global priority and is included in the Sustainable Development Goals (SDG-3).

Ms. Farah Sarosh, Founder of NurtureLife and **Dr. Azhar Mahmood Farooqui**, Associate Professor, Department of Psychiatry, IIMSR Integral University were the key resource persons in the programme.

The program commenced with a welcome note and an overview of the genesis of this initiative by **Dr. Snober S. Mir**, Head, Department of Biosciences. She emphasized upon the importance of starting a conversation around mental health and promoting actions through interactions and stopping the stigma associated with mental health issues.

The key speaker Ms. Sarosh apprised the faculty and students of the importance of mental well being. Her opening statement which started with an apt couplet "**Mustaqil bolta hi rahta hun, kitna khamosh hun main andar se**" was to raise awareness about conversations vis-a-vis positive mental health. She laid emphasis on initiation of talks and making efforts to bring this topic from closed doors to open platforms. She claimed her job is to bridge the gap between patients and doctors. Her mantra for positivity was to cultivate happiness through changes in lifestyle and attitude by taming our thoughts, having a gratitude journal and being thankful is also very helpful in building mental resilience.

The next eminent speaker was **Dr. Azhar Mahmood Farooqui** who highlighted the importance of mental health by talking about celebrities who have depression and ways of coping with mental health issues. He stated that "**Health is a state of complete physical, mental, social and spiritual well-being**". He gave a detailed lecture on mental disorders such as general anxiety disorder, panic attacks, social anxiety disorders, OCD and stress-related disorders. He requested everyone facing any kind of issue regarding their mental health seek counseling and therapy when they need it rather than being in denial mode.

Ms. Sarosh and Dr. Farooqui gave solutions and answered the questions asked by the students in a survey conducted by the Department of Biosciences.

A wonderful message on mental health awareness was given through a **Nukkad natak** performed by the students.

An **Art for Wellness** competition based on the theme "**Art for Mental Well-being**" was organized by the event Coordinators, **Dr. Swati Sharma** and **Dr. Shahida Hamid** in the hallway of Department of Biosciences. Brilliant and artistic messages were projected through this competition. Judges of the event were

1. **Dr. Zeba Nisar**, Dean, Faculty of Architecture
2. **Dr. Alvina Farooqui**, Head, Department of Bioengineering
3. **Dr. Snober S Mir**, Head, Department of Biosciences

The list of Winners are mentioned below.

1st prize, Ms. Sanjana Maurya (B.Sc. ZBC IIIrd year)

2nd prize, Zehra Asif Hussain (B.Sc. BT Ist year)

3rd prize, was a tie between, Sanaya (B.Tech. Bioengineering IIIrd year) and Anshul Verma (B.Sc. LS IIIrd year)

Special Mention, Marya Parveen (B.Sc. ZBC IInd year)

Ms. Sarosh was felicitated with a university memento. The program was concluded with vote of than delivered by the event coordinator, Dr. Jahanarah Khatoon, Assistant Professor and anchor for the progra was Ms. Swati Saxena, Research Scholar, Department of Biosciences. The initiative was a tremendo success and witnessed an overwhelming response, as total participants were 200+ including students a faculty.

Some glimpses of the program are:

Mental Health Matters

The Department of Biosciences, Integral University, Lucknow in collaboration with **NurtureLife**, a non-profit organization (NGO) established with the aim of providing solutions to mental health issues is going to organize an **Awareness and Sensitization programme on Positive Mental Health and Well Being** on 20th September, 2022 in Hall-1, Central Auditorium Building at 2.00 pm.

The mental health awareness programme is being organized with the aim of starting a discussion on mental health issues, of combating stigma and stimulating simple and practical interventions within the community. Mental wellness is a global priority and is included in the Sustainable Development Goals (SDG-3). Mental well-being is an integral part of our overall health and socio-economic development. Positive mental health helps determine how we build relationships, manage stress, make decisions and shape the world we live in. Promoting actions that foster positive mental health will help build individual and collective mental resilience and equip us with tools to cope with adversity and bounce back. Utilising these coping mechanisms will go a long way in addressing the theme of World Suicide Prevention Day 2022 "**Creating hope through action**" by creating a movement of preventative action to drive positive behavioural change and empower people with the confidence to engage in complex issues.

In this regard, we have invited **Ms. Farah Sarosh, Founder of NurtureLife** and **Dr. Azhar Mahmood Farooqui**, Associate Professor, Department of Psychiatry, IIMSR Integral University, Lucknow to be the key resource persons in the programme.

List of Events includes:

1. Talk and Counselling Session - Ms. Farah Sarosh
2. Talk - Dr. Azhar Mahmood Farooqui
3. Art for Wellness (Artistic event)
4. Nukkad Natak

We warmly invite you to be a part of this event to make it completely successful.

For any query, please contact:

Coordinators: Dr. Jahanarah Khatoon, Assistant Professor (9336829319)
Dr. Amita Dubey, Assistant Professor,
Department of Biosciences, Integral University, Lucknow

Best Regards,

Dr. Snober S. Mir,
Associate Professor and Head, Department of Biosciences,
(A DST-FIST sponsored Department),
Integral University,
Dasauli, Kursi Road,
Lucknow-226026.

Dear All,

We are extremely glad to inform you that the Department of Bioengineering, Biosciences & Integral Institute of Agricultural Sciences & Technology (IIAST), Integral University, Lucknow is under the aegis of Women Study Centre is organizing an event on the promotion of Women Entrepreneurship to commemorate Women's Equality Day on Tuesday, 30th August 2022 at 10:30 am.

"Women are a symbol of power, God's finest and most beautiful creation without whom no creation is possible. Womens Equality Day marks a turning point in the history of the struggle for equal treatment of women and women's rights. Womens Equality Day celebrates the achievements of womens rights activists and reminds us of the unique daily struggles that women face. To make sure women are not oppressed by anyone we need to empower them with education and also create awareness about opportunities therein.

Hence, in this context, an informative lecture by two eminent speakers, Dr. Roli Budhwar, COO & Co-Founder of Bionivid Technology (P) Ltd, Bengaluru and Dr. Neelima Garg, Director (Acting) Central Institute for Subtropical Horticulture (CISH) has been organized on 30th August, 2022.

The details of the program are given below:

Tuesday, 30th August 2022 10:30 am in Hall No.1, Central Auditorium, Integral University, Lucknow
