Dear Sir,  
Please circulate among Deans, Heads, Faculties and Students.

**NATIONAL MATHEMATICS DAY-2022**

(December 22, 2022)

Organized By

**DEPARTMENT OF MATHEMATICS & STATISTICS****Brief Report***"The logical beauty of numbers ensures solutions"*

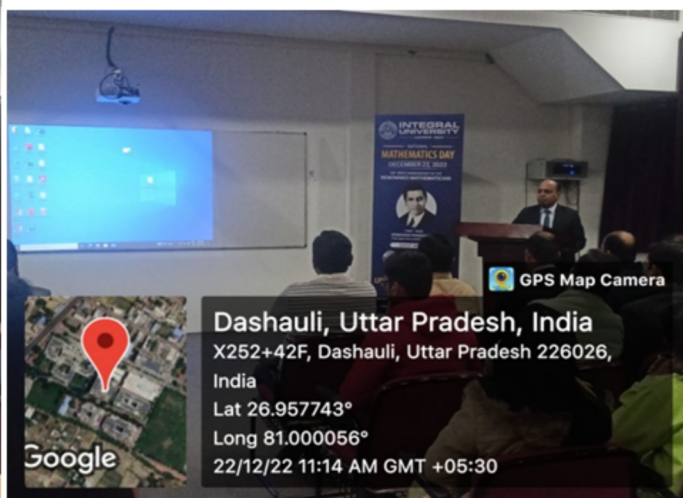

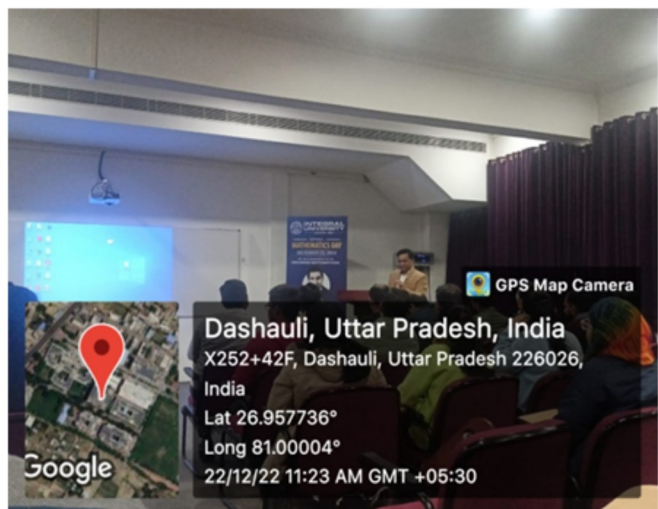

Integral University Lucknow witnessed the amalgamation of the think tanks in the field of Mathematics in the highly fruitful one day program '*National Mathematics Day*' on December 22, 2022.

National Mathematics Day is celebrated in India for paying tribute to the great Indian Mathematician *Srinivasa Ramanujan*. He was born on December 22 in the year 1887 in Erode situated in the city of today's Tamil Nadu. He read Mathematics voraciously and started developing his own research in isolation in the beginning. Srinivasa was an autodidact; he was a self-taught person and never had any formal training in Mathematics. For his memorable and great contributions towards Mathematics, the birth anniversary of Srinivasa Ramanujan was declared as the '*National Mathematics Day*' in the year 2012 by the then Prime Minister of India *Dr. Manmohan Singh*.

The celebration of the '*National Mathematics Day*' was inaugurated with the *welcome address* by **Dr. Abdul Wadood Khan**, Head, Department of Mathematics & Statistics, Integral University, Lucknow. He welcomed Prof. Aqil Ahmad, Professor of Eminence, Department of Mathematics & Statistics, Prof. Abdul Rahman Khan COE & Dean, Faculty of Science, the speaker, dignitaries, guests, and audience of the Day. He expressed his views to motivate the students having the opportunity to learn more and more to be masters of the subject.

**Dr. Anand Ballabh Johi**, Assistant Professor, Department of Mathematics & Astronomy, University of Lucknow was the guest speaker of the Day. He delivered a talk on the topic, Life and Work of Ramanujan. He motivated the audience by describing the work of Ramanujan and its impact on real life. He briefly describes the different phases of the life of Ramanujan and his journey to become one of the greatest Mathematicians the world has ever seen. He also reiterated that every possible question or a daily life problem would have a mathematical equation to solve it, provided one takes their curiosity seriously and systematically. Faculty members Mr. Uqba Rafat and Mr. Abdul Gaffar also delivered lectures on the day. Total 138 students and faculty of different departments attended the program and benefited from the expert talk & lectures.

The celebration ended with the *vote of thanks* delivered by **Dr. Idrees Ahmad Khan**, Assistant Professor, Department of Mathematics & Statistics, Integral University, Lucknow. He expressed his sincere thanks and gratitude to the University authorities, guests, audience and organizing committee of the event.
