

Report on “**Emerging Trends in Earthquake Engineering and Seismic Retrofitting Techniques**”

organized by Department of Civil Engineering, Integral University Lucknow

held on April 25<sup>th</sup> – 26<sup>th</sup>, 2015

---

The Department of Civil Engineering, Integral University Lucknow organized a two day National Workshop on “**Emerging Trends in Earthquake Engineering and Seismic Retrofitting Techniques**” on 25<sup>th</sup> – 26<sup>th</sup> April 2015. The inaugural session on 25<sup>th</sup> April 2015 was graced by the benign presence of several renowned professors from Aligarh Muslim University, Aligarh, Indian of Engineering & Technology, Lucknow and Integral University, Lucknow.

In the Welcome address, **Associate Professor Sabih Ahmad**, Head, Department of Civil Engineering, Integral University, Lucknow welcomed the audience as well as the dignitaries and highlighted the important of workshop topic.

In the technical session, **Prof. Mohammad Arif** of Aligarh Muslim University, Aligarh and **Prof. V.K. Singh** of Indian of Engineering & Technology, Lucknow explained in deterring the importance of aspects of dynamics and seismic engineering for research and industrial application and also explained about emerging retrofitting methods and system identification useful in earthquake engineering.

In involuntary session, **Associate Professor Syed Aqeel Ahmad**, Department of Civil Engineering, Integral University, Lucknow addressed the audience.

The program witnessed a wide range of participants including Deans, Directors, Head of Department, Faculty Members and Students. Session end will vote of thanks given by Mr. Sabih Ahmad, Head, Department of Civil Engineering, Integral University, Lucknow.
