

A Brief Report on

Awareness Program on Use of Clean Fuel

Supporting the Government-initiated scheme **Swachh Bharat Abhiyan** Launched by Government of India in 2014

Dated: 12th April, 2023

Venue: Village Paikramau, Kursi Road, Lucknow

Organised by: Organized by the Department of Civil Engineering in collaboration with NSS Integral University Cell.

An awareness drive on use of Clean fuel in Paikramau Village, Kursi road, Lucknow was organized by the Department of Civil Engineering in collaboration with National Service Scheme (NSS) Integral University Cell on 12th April 2023 in association with NSS. This programme supports the Government of India Initiated Scheme Government-initiated scheme **Swachh Bharat Abhiyan** Launched by Government of India in 2014.

The faculty coordinators for the program were Mr. Tabhish Izhar and Mr. Faraz Hasan Qadri. A total of 30 Students of B. Tech Civil Engineering actively participated in the event. The student coordinators were Mohammad Aas and Mohammad Hassan of B. Tech 3rd year and 2nd year respectively. A camp was arranged at the central place of the village. The students engaged with the villagers and discussed the benefits of using clean fuel.

Clean fuel commonly refers to liquefied petroleum gas, a byproduct of natural gas processing and oil refining efforts. Propane was approved as a clean fuel in the 1990 Clean Air Act and is considered an alternative fuel under the Energy Policy Act of 1992. Unlike gasoline and oil, propane reduces carbon dioxide, a greenhouse gas, and air pollutants like carbon monoxide and nitrogen oxide.

Students imparted awareness to the villagers about the benefits of using the clean fuel such as fuel performance, safety and public health, cost saving and environmental Benefits.
