Date: October 03, 2019

Swachh Bharat Abhiyan is one of the most significant and popular missions to have taken place in India. Swachh Bharat Abhiyan translates to Clean India Mission. This drive was formulated to cover all the cities and towns of India to make them clean. This campaign was administered by the Indian government and was introduced by the Prime Minister, Narendra Modi. It was launched on 2nd October in order to honor Mahatma Gandhi's vision of a Clean India. The cleanliness campaign of Swachh Bharat Abhiyan was run on a national level and encompassed all the towns, rural and urban. It served as a great initiative in making people aware of the importance of cleanliness. Keeping this view in mind a group of teachers and students of Department of Electrical Engineering and other departments, Integral University went for a visit to a school in Paikaramau on 03 October 2019 located at Kursi Road, Lucknow, Uttar Pradesh 226028.

**Objectives:**

1. Swachh Bharat Abhiyan set a lot of objectives to achieve so that India could become cleaner and better. In addition, it not only appealed the sweepers and workers but all the citizens of the country. This helped in making the message reach wider. It aims to build sanitary facilities for all households. One of the most common problems in rural areas is that of open defecation. Swachh Bharat Abhiyan aims to eliminate that.

2. Moreover, the Indian government intends to offer all the citizens with hand pumps, proper drainage system, bathing facility and more. This will promote cleanliness amongst citizens.
3. Similarly, they also wanted to make people aware of health and education through awareness programs. After that, a major objective was to teach citizens to dispose of waste mindfully. The organization in turn greeted the teachers with a certificate.
