The Society aims to encourage students to express their opinions on legal topics, and one effective way to do this is through writing articles or research papers. This fosters innovative and creative thinking among students.

The Society regularly conducts various activities, such as Extempore Competitions, Lok Adalats, Legal Aid Camps, and more, to spread legal awareness. The II National Article Writing Competition was another such initiative aimed at raising awareness on a specific topic. The objective of the competition was to provide a platform for students to convey their thoughts and make a difference through publication in magazines or journals.
