**Bridging Theory and Practice: Fundamentals of
Computer Science in Industry**

On August 14, 2024, Wednesday the Department Placement Committee of Computer Science & Engineering in collaboration with the Departmental Alumni Committee, organized an on-campus guest lecture entitled "**Bridging Theory and Practice: Fundamentals of Computer Science in Industry**". The lecture aimed to provide a comprehensive exploration of how fundamental computer science theories are applied in real-world industry settings, demonstrating the practical value of academic knowledge.

The lecture was delivered by Mr. Junaid Anwar, Alumni-B.Tech (CSE) currently employed as System Engineer, TCS.

Junaid interacted with the students, sharing the hurdles he faced during his academic journey and warning them about the mistakes he made along the way. He motivated the students to join coding platforms such as Hackathon, HackerRank, Codeforces, and LeetCode, among others. Junaid also showcased his projects, providing insights into how these experiences helped him excel in interviews. He shared his interview experiences, emphasizing the importance of project demonstrations in standing out to potential employers. The students found his talk inspiring and thoroughly enjoyed the session. The event was attended by 200+ students. The event was concluded with token of appreciation

Junaid extended his sincere thanks to **Dr. Roshan Jahan**, Placement Coordinator and Integral University for providing him the opportunity to address this session.

The event resounding success stands as a tribute to the unwavering dedication and hard work of its coordinator, **Dr. Roshan Jahan**, alongside its members, **Ms. Saleha Mariyam**, **Ms. Ambreen Anees**, **Ms. Shra Fatima**, **Ms. Umme Habiba**, **Mr. Faizan Ahmad** and **Mr. Anas Habib Zuberi**.

Last but not least, a heartfelt thanks to all the faculty members and students who contributed to the success of on-campus expert lectures.
