DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING**CLEAN –UP DRIVE UNDER DAAN UTSAV
(8TH OCTOBER 2024)**

In the spirit of giving back to the community, the Department of Electronics & Communication Engineering at Integral University organized a clean-up drive near the sports field as part of Daan Utsav, India's festival of giving. The aim of the initiative was to promote cleanliness and environmental awareness while engaging students and faculty in a meaningful activity to contribute to the campus community.

Key Highlights of the Activity

- To clean and beautify the area around the sports field.
- To raise awareness about the importance of maintaining a clean environment.
- To foster teamwork and community spirit among students and staff.
- To support the values of Daan Utsav by giving time and effort to a community-driven cause.

The event commenced with a briefing session by Dr. Saima Beg and Dr. Nupur Mittal where volunteers were given instructions on the clean-up plan. Safety protocols and the importance of waste segregation were emphasized. Participants were divided into smaller teams, each assigned to a specific area around the sports field. The clean-up activity improved the aesthetic appearance of the field, making it more pleasant for sports activities and events. Participants gained a deeper understanding of environmental responsibility and teamwork. The event set an example for other campus members, encouraging them to maintain cleanliness and take part in future initiatives.

After the activity, all participants gathered for a debriefing session where Dr. Saif Ahmad thanked the volunteers and acknowledged their efforts.

Thanks & Regards
 Syed Hasan Saeed
