Brief Report of a One-Day Workshop on “Enhancing Teaching Skills through Smart Board Technology” Organized By Department Of Agriculture, IIAST

The Department of Agriculture, IIAST, Integral University, organized a one-day workshop on “*Enhancing Teaching Skills through Smart Board Technology*” on October 25, 2024. This workshop aimed to equip faculty members with advanced teaching methodologies and tools to enhance classroom engagement and improve student learning outcomes. Held at the Department of Agriculture, IIAST, the workshop brought together more than 40 faculty members and supporting staff to explore innovative techniques for modern, student-centered teaching.

The workshop focused on several objectives:

1. To introduce faculty members to updated teaching techniques and strategies for effective knowledge delivery through smart board.
2. To enhance the use of ICT tools in classrooms to engage students and cater to diverse learning styles.
3. To empower educators to integrate multimedia and digital resources into their curriculum.

Led by Resource Persons Mr. Sanjeev Saxena, Director of Aadicka Projects, Lucknow, and expert trainers, Mr. Avinash Kumar Prajapati, sales trainer, Senses Electronic Private Limited, Lucknow, the workshop provided hands-on training on modern teaching methods and ICT tools, including interactive smart boards and digital resources. Trainers demonstrated practical applications and shared techniques for using multimedia to create more engaging and effective learning experiences. Participants practiced these skills, learning how to use these tools to promote hands-on, student-centered learning.

The workshop was conducted under the esteemed guidance of Prof. Mohammad Haris Siddiqui, Director of IIAST, who served as Convener, and Prof. Saba Siddiqui, Head of the Department of Agriculture, as Co-convener. Program Coordinators Dr. Khalid Habib and Mr. Sharad ensured the expert execution of the event, supporting participants throughout the sessions. This workshop provided attendees with a deeper understanding of the importance of adopting innovative, interactive methods to meet the needs of a changing educational landscape.
