Advanced Lecture Series in Bioinformatics

LECTURE #1: "Unlocking Structural Biology via Cryo-EM: Research Opportunities in India and Abroad"

Dear Students, Research Scholars, and Faculty Members

We are delighted to cordially invite you to an expert lecture on "Unlocking Structural Biology via Cryo-EM: Research Opportunities in India and Abroad". This marks the inaugural lecture in our "Advanced Lecture Series in Bioinformatics". This illuminating session will be presented by **Mr. Haaris Safdari**, an accomplished scholar currently pursuing his PhD at **Institute of Biochemistry and Molecular Biology, University of Hamburg, Germany**, and a M.Tech graduate from the prestigious **Indian Institute of Science (IISc), Bangalore**.

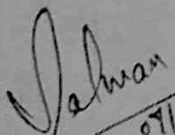

This is an exceptional opportunity to gain insights into the fascinating field of Structural Biology, understand the cryo-electron microscopy (cryo-EM) technique, and explore potential research opportunities abroad. Mr. Safdari's expertise and experience in this domain promise to make this a highly informative and enriching session.

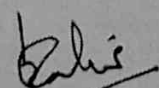

Details of the event are as follows:

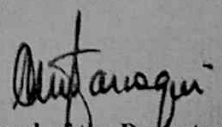

Venue: Computational Biology Lab, Second Floor, Academic Block -1, Integral University.

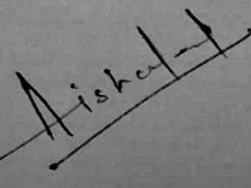

Date & Time: December 08, 2023 from 09:45 am onwards

Your enthusiastic participation will greatly contribute to the success of this event. We look forward to your presence and active engagement during the lecture.
