**Report On
Plantation drive (Ek Ped Maa Ke Naam)**

On **17th September, 2024**, the event "*Ek Ped Maa Ke Naam*" (One Tree in the Name of Mother) was organized to promote environmental awareness and express gratitude to mothers through meaningful action. It was in compliance with SDGs 3,6,11,13 & 15. The plantation drive, held at the department of pharmacy, was spearheaded by Integral University and witnessed enthusiastic participation from individuals of all age groups. The initiative aimed to combine environmental conservation with a sentimental gesture by encouraging participants to plant a tree as a tribute to their mothers. This unique approach emphasized the nurturing and life-giving qualities shared by both mothers and trees, fostering a sense of responsibility toward nature. The importance of trees in combating climate change and preserving biodiversity. Participants were provided with saplings of various native species, such as [Tulsi, Amla and Neem], ensuring a focus on ecological balance. Volunteers guided participants on proper planting techniques, including selecting suitable spots, preparing the soil, and ensuring adequate spacing. Informative sessions were also held on the long-term care of the saplings, emphasizing watering, and protection from pests.
