World Science Day

For Peace and Development

Celebrated by

Department of Chemistry

In collaboration with

Association of Chemistry Teachers

Date: 11<sup>th</sup> November, 2024, Time: 12:00 pm. Onwards, Venue: D113

Details in a nutshell:

Total Participants	Faculty members	Students
36	11	25

World Science Day for Peace and Development is observed annually on November 10, highlighting the role of science in society. Proclaimed by UNESCO in 2001 through Resolution 31 C/20, this day aims to encourage global engagement with scientific knowledge and its relevance to everyday life. It seeks to raise awareness about the importance of science in maintaining and improving the fabric of society. The day also acknowledges the vital contributions of scientists towards the sustainable development of our planet. World Science Day, 2024 was commemorated by the Department of Chemistry in collaboration with the Association of Chemistry Teachers on **11<sup>th</sup> November from 12:00 p.m. onwards**. Four different competitions including a quiz, paper presentation, poster presentation, slogan writing and a general awareness quiz were organized for the students. The event was also aligned with the **Sustainable Development Goal 4 (Quality Education)**. The competitions were judged by *Dr. Mohd. Imran Ahmad and Dr. Shahla Tanveer* from the Department of Chemistry, and the event was coordinated by *Dr. Tahmeena Khan*, Assistant Professor, Department of Chemistry. The winners of the competitions are as follows:

❖ **Quiz**

I<sup>st</sup> Position- Ziaul Hussain (M.Sc. Chemistry)

II<sup>nd</sup> Position- Mohd. Faizan Ali (M.Sc. Chemistry)

III<sup>rd</sup> Position- Ratan Kumar Singh (B.Sc. ZBC)

❖ **Paper Presentation**

I<sup>st</sup> Position- Bashir Ali Modu (M.Sc. Industrial Chemistry)

II<sup>nd</sup> Position- Vaishnavi Dubey (M.Sc. Industrial Chemistry)

III<sup>rd</sup> Position- Atul Shukla (B.Sc. Industrial Chemistry)

❖ **Poster Presentation**

I<sup>st</sup> Position- Atul Agnihotri (B.Sc. Z.B.C.)

II<sup>nd</sup> Position- Rishu Yadav (B.Sc. Z.B.C.)

III<sup>rd</sup> Position- Mohd. Amir Ahmad (B.Sc. Industrial Chemistry)

❖ **Slogan Writing**

I<sup>st</sup> Position- Taneem Ayaz Khan (B.Sc. Chemistry)

II<sup>nd</sup> Position- Drishti Tiwari (B.Sc. Chemistry)

III<sup>rd</sup> Position- Atul Shukla (B.Sc. Industrial Chemistry), Bashir Ali Modu (M.Sc. Industrial Chemistry)

# WORLD SCIENCE DAY

Name - Vaishnavi Dubey

Course - M.Sc- IC

Enrollment no. - 2000101984.

When we say "Science Matters", it's not just a statement - it's a call to action, a reminder of the crucial role that science plays in shaping not only our present but also the future we are building together.

In every corner of our lives, science makes an impact. From the devices we use, the medicines we rely on, to the environmental challenges we face, science is the unseen force that drives innovation and progress. But beyond the discoveries and inventions, science also engages something deeper: our minds.

### Engaging Minds -

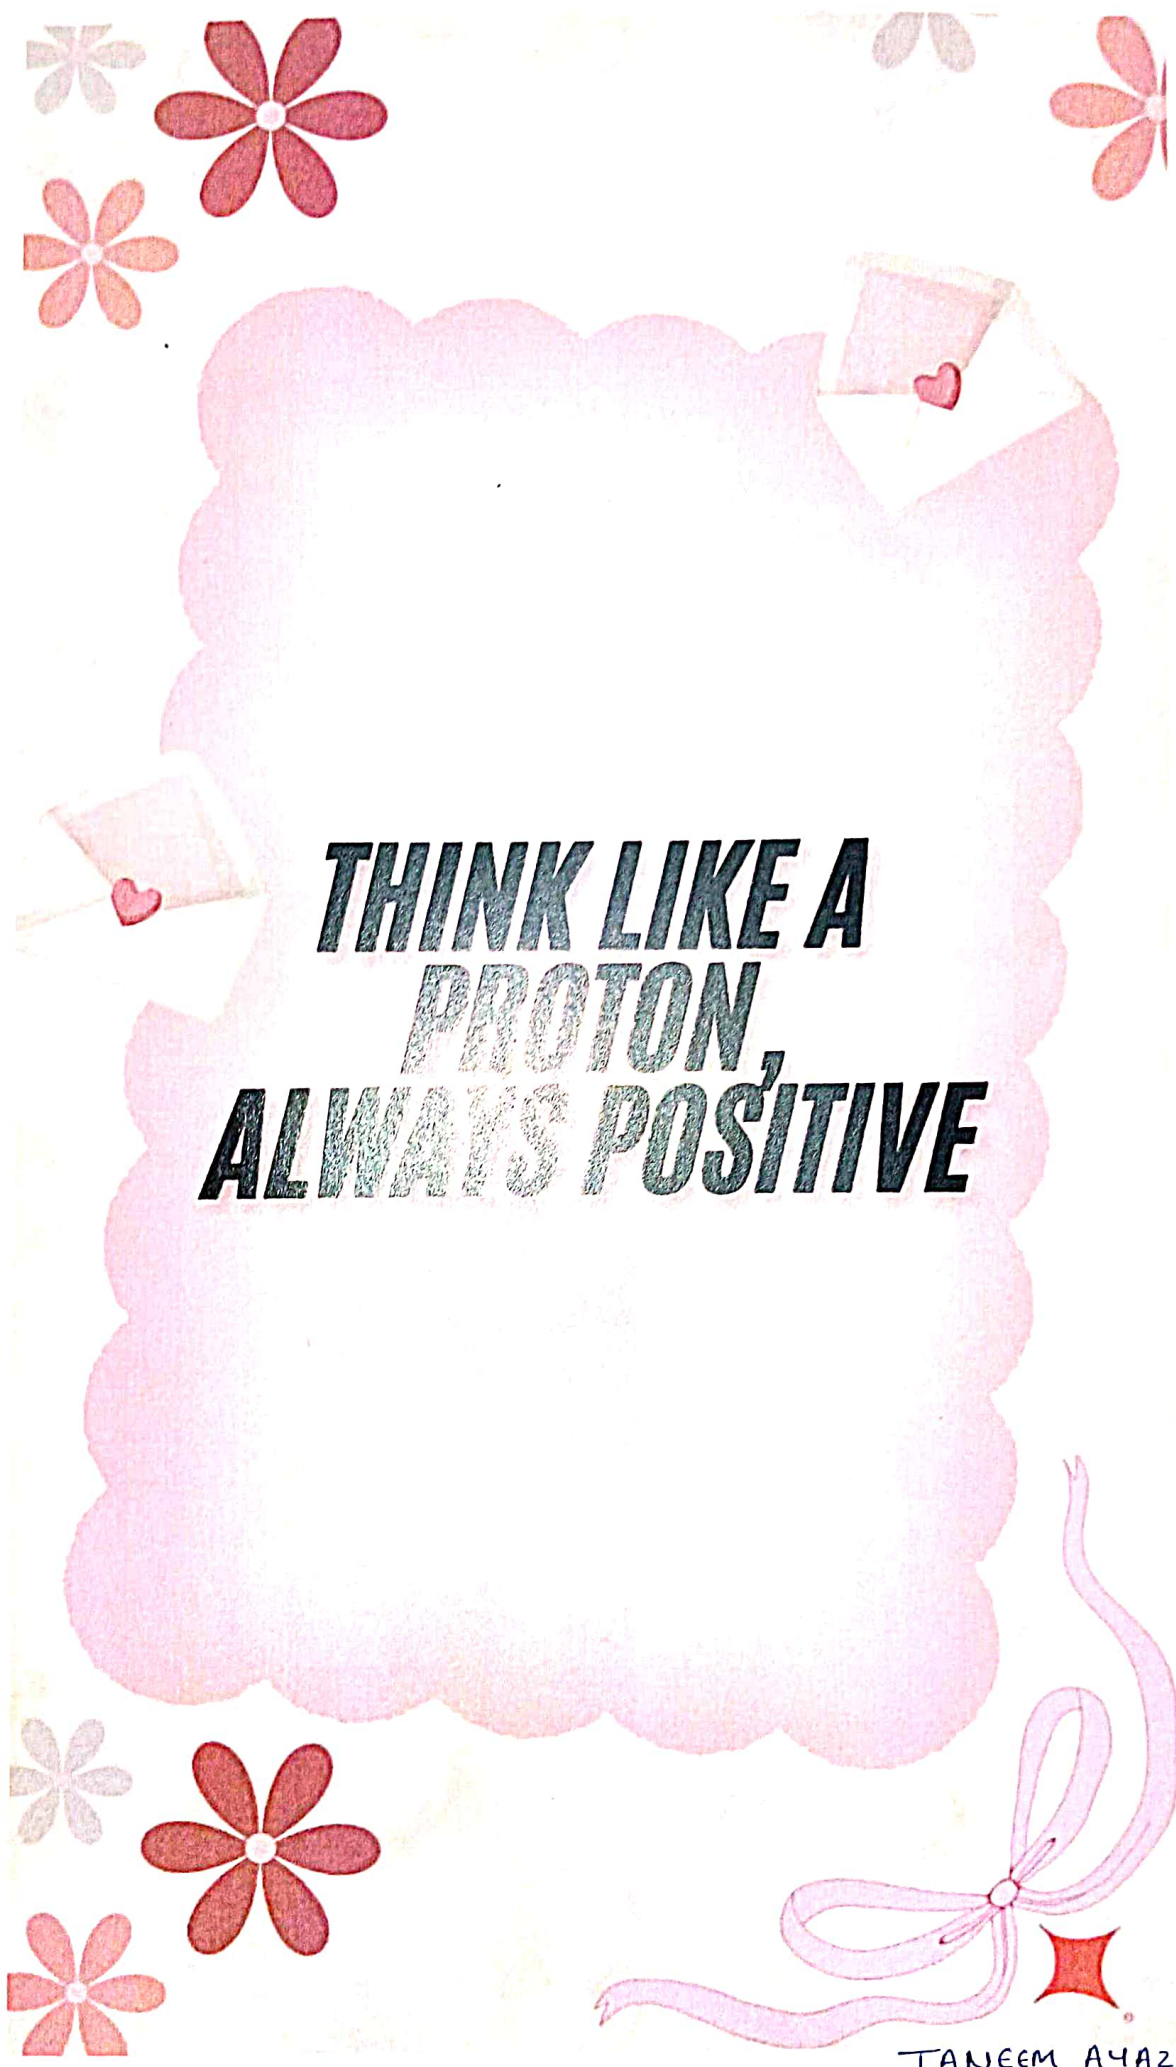

One of the most powerful aspects of science is its ability to spark curiosity. Science encourages us to ask questions about the world around us: Why does the sky appear blue? How do plants grow? What happens inside our bodies when we breathe? These simple questions have led to some of humanity's most profound breakthroughs. But curiosity isn't limited to childhood - it's a lifelong pursuit that science nurtures.

When we engage in scientific thinking, we cultivate critical skills: observation, analysis, experimentation, & problem solving.

### Empowering the Future -

Science does more than engage our minds. It empowers us to take action in the world and shape a better future. Every scientific advancement is a tool, a resource we can use to address global challenges, solve problems, and create opportunities.
