Water sanitation and sustainable management are essential for human health and well-being. **Sustainable Development Goal 6** (Clean Water and Sanitation) also addresses the concerns related to drinking water, sanitation and hygiene and the quality and sustainability of water resources worldwide. The water quality also impacts other areas like nutrition, education etc. To create awareness in students on importance of water sanitation, an awareness programme through sketching/drawing competition. The activity was organized jointly by Departments of Chemistry and Environmental Science in collaboration with the NSS, IU unit and Association of Chemistry Teachers (ACT). The activity was aligned with **SDG 6** as well. The students presented creative and informative drawings. The competition was judged by Dr. Rahila Rahman Khan, from the Department of Environmental Science and Dr. Shiri Farhat Ansari from the Department of Mathematics and Statistics. **Dr. Tahmeena Khan, Dr. Firoz Hassan, Dr. Amina Jafri and Dr. Anand Mishra** coordinated the programme. To spread awareness, the best sketches were displayed at the nearby stationary shops, photocopy shops, and Punjab National Bank, Dasauli branch.

A total of 25 students attended the programme.

The winners were felicitated with medals and certificates. The winners of the competition are as follows:

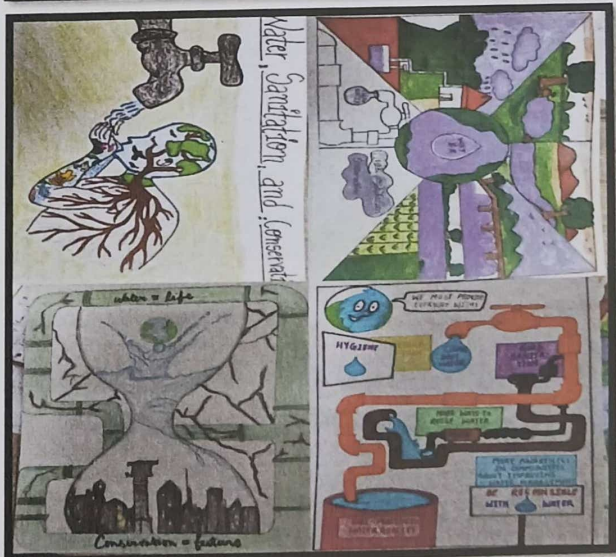

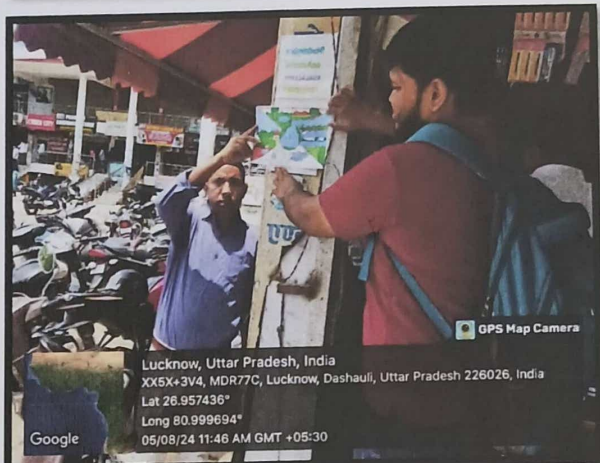

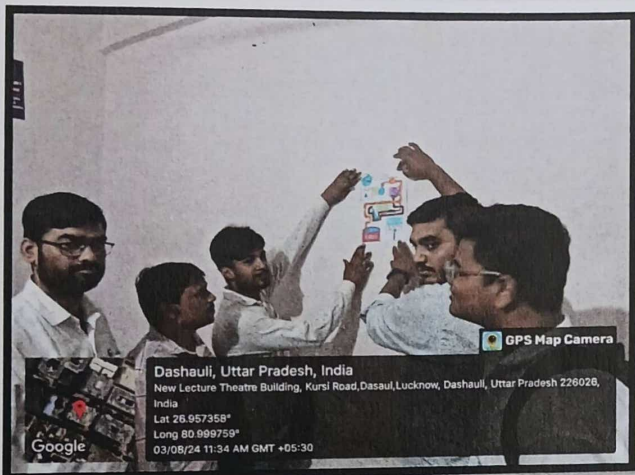

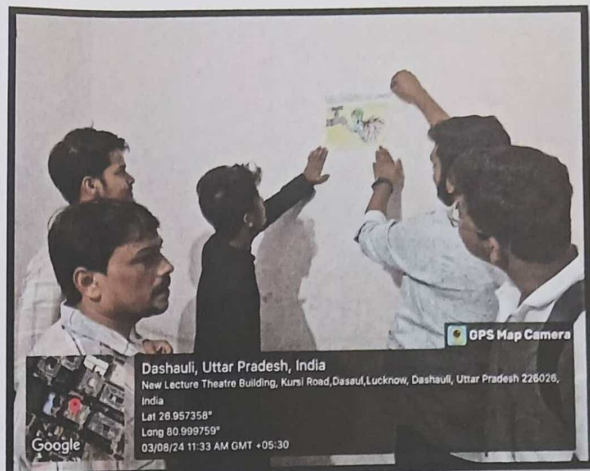

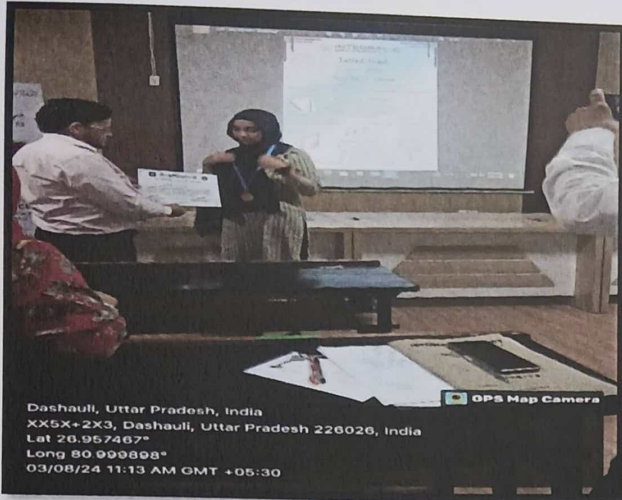

Ist position: Muskan Yadav- B.Sc. (H) Mathematics

IInd position: Drishti Tiwari- B.Sc. (H) Chemistry
