VALUE-ADDED COURSE (VAC) SUMMERY REPORT

Academic Year: 2025-26

Name Of the Course: "SBA Module with safe Delivery Digital OSCE App"

1. Basic Details (As Per NAAC)

- Course Title: "SBA Module with safe Delivery Digital OSCE App"
- Course Code: NR403
- Duration: 6 Days
- Date: 11-11-2025 to 17-11-2025
- Total Contact Hours: 36 Hrs.
- Mode of Delivery: Offline
- Department: Organized by Integral Institute of Nursing Sciences and Research (IINSR) in collaboration with "ebek med" (Your Skills Partner)
- Offered in which Semester: M.Sc. Nursing I & II Year and B.Sc. Nursing IV Year VII Semester

2. Rational & Objectives:

- To provide comprehensive knowledge on infection prevention principles
- To develop skills in implementing standard and transmission-based precautions
- To promote safe and ethical nursing practices
- To reduce the risk of hospital-acquired infections
- To improve patient safety and quality of care

3. Course Content & Structure:

MODULES	Topics	Allotted Hours
Module 1	Introduction & Respectful Maternity Care	6 Hrs.
Module 2	Antenatal Care (ANC)	6 Hrs.
Module 3	Intranatal Care	6 Hrs.
Module 4	Obstetric Complications	6 Hrs.
Module 5	Postnatal & Newborn Care	6 Hrs.
Module 6	Neonatal Care & Assessment	6 Hrs.

4. Teaching-Learning Methods:

- Lectures Using Audio-Visual Aids
- Demonstration And Return Demonstration
- Hands-On Training Sessions
- Case Studies and Discussions
- Interactive Question-Answer Sessions

5. Assessment and Certification

- Minimum 50% Aggregate and 75% Attendance will Get Certificate.

6. Students Participation and Outcomes:

- Enhanced Proficiency in Evidence-Based Obstetric Interventions A sharper ability to manage normal labor and identify early warning signs of complications like postpartum hemorrhage

or pre-eclampsia.

- Standardized Competency in Neonatal Resuscitation and Care Consistent, step-by-step mastery of essential newborn care protocols as validated by digital simulation and real-time feedback.
- Increased Accuracy in Clinical Decision-Making via Digital Tools Greater confidence in using mHealth technology to guide clinical actions, ensuring that care aligns with international safety standards.
- Improved Performance under Pressure through Simulated OSCE Assessment Better emotional and technical readiness to handle high-stakes emergency scenarios through repetitive, structured digital testing.
- Strengthened Accountability in Maternal and Newborn Health Outcomes A heightened sense of professional responsibility toward reducing mortality rates by adhering to validated, data-driven delivery practices.

7. Development Goals (SDGs):

These VACs primarily support-

SDG 3: Good Health and Well-Being

- Target 3.1: This course directly aims to reduce the global maternal mortality ratio by ensuring attendants are skilled in life-saving interventions.
- Target 3.2: By mastering neonatal resuscitation and essential newborn care via the app, you contribute to ending preventable deaths of newborns and children under 5.

SDG 4: Quality Education They also link to:

- Target 4.4: The use of a "Digital OSCE App" increases the number of professionals with relevant technical and vocational skills, utilizing modern ICT to enhance learning outcomes beyond traditional textbooks.

SDG 5: Gender Equality

- Target 5.6: Strengthening maternal health services ensures universal access to sexual and reproductive health-care services, empowering women through safer childbirth experiences.

SDG 9: Industry, Innovation, and Infrastructure

- Target 9.C: By integrating digital health (mHealth) tools into standard medical training, this course promotes innovative technology to bridge the gap in healthcare quality in resource-limited settings.

8. Conclusion:

The Value-Added Course on SBA Module with safe Delivery Digital was Successfully Conducted and Achieved Its Objectives. The Program Significantly Contributed to Improving Students' Competence in Safe Nursing Practices. It Is Recommended That Such Training Programs Be Conducted Periodically to Maintain High Standards of Infection Control in Healthcare Settings.

9. Supporting Documents:

- Notice- Annexure 1
- Minutes of Meeting- Annexure 2
- Brocher - Annexure 3
- Attendance Sheets- Annexure 4
