Course Code	HP312	Title of the Course	Development Process and Social Movements in Contemporary India	L	T	P	C
Year	III	Semester	VI	3	1	0	4
Pre-Requisite	Intermediate	Co-requisite	None				
Course Objectives	Under the influence of globalization, development processes in India have undergone transformation to produce spaces of advantage and disadvantage and new geographies of power. The high social reproduction costs and dispossession of vulnerable social groups involved in such a development strategy condition new theatres of contestation and struggles. A variety of protest movements emerged to interrogate and challenge this development paradigm that evidently also weakens the democratic space so very vital to the formulation of critical consensus.						

Course Outcomes

CO1	Students enable to apply the theories and used to illustrate how each level of analysis the international system, the state, and the individual- to help in organizing and conceptualizing the issues.
CO2	Student enables to understand the major issues of the twenty first century- security, economics and transnational issues are presented and analyzed.
CO3	Students enable to introduces the evolution and important of various knowledge of relation in impact of World order.
CO4	Students know a brief history of international politics.
CO5	They understanding what are happening in the world and the levels of analysis to the international level.
