Course Code	HP412	Title of the Course	International Law	L	T	P	C
Year	I	Semesters	II	4	0	0	4
Prerequisite	Graduate (Any Stream)	Co-requisite	None				
Course Objectives	The main purpose of the course is to provide students with a thorough knowledge of and insight into the existing legal framework, the fundamental principles, institutions, and the system of International Law. In this course, the core concepts of international law will be discussed in considerable depth. The course not only advances and enhances the in-depth understanding of political analysis but also equips the students to take up competitive exams like the NET/JRF and the Civil Services. It also equips them to apply for jobs/internships at the international level in UN agencies and other International Non-Governmental Organizations.						

Course Outcomes	
CO1	To develop the thorough knowledge of International Law
CO2	To discuss the different dimensions of State under International Law
CO3	It will enable the students to understand the position of Individual under International Law
CO4	To understand and analyze the International Protection of Environment
CO5	It results in an informed analysis of the paradigm of War, its types and effects
