Presentation Guidelines (Pre-Ph.D stage)

- Students will be allowed to present 30-35 slides only.

- Reading the slides during presentation is to be avoided.

- Duration of each presentation will be 50 minutes only.

- Certificate from the supervisor should be included as presentation slide no.2.

- PPTs should consist of few slides related to Research Methodology and Statistics also.

- Slides should be simple with light background, properly numbered and with visible font size (*min 22 size*)

- Chapter wise presentation should have short introduction, brief methodology along with findings (data and tables) and conclusions.

- List of Publications with complete bibliographic details (*MCN number should be mentioned against each*).

- Any published data shown in the slide should contain its reference also.
