

## **FLUID MECHANICS LAB**

### **DO's**

- Be familiar with your lab assignment before you come to lab. Follow all written and verbal instructions carefully. Observe the safety alerts in the laboratory directions. If you do not understand a direction or part of a procedure, ask the teacher before proceeding.
- Always perform the experiment or work precisely as directed by teacher/instructor.
- Don't forget to bring calculator, graph sheet and other accessories when you come to lab.
- Before performing experiment read instrument manual carefully.
- Students must stay away from the yellow strip marked around the machines/apparatus while the machine is running.
- Leave the lab cleaner than you found it.

### **DON'Ts**

- In the absence of instructor, no student shall be allowed to work in the laboratory.
- Absolutely no running, practical jokes or horseplay is allowed in the laboratories.
- The use of personal audio or video equipment is prohibited in the laboratory.
- The performance of unauthorized experiments is strictly forbidden.
- Do not play with valves, screws and nuts of any apparatus.
- Shoes must cover the entire foot. Open toed shoes and sandals are inappropriate footwear in laboratories.
- Make sure that all equipment is clean and returned to its original place.
- Don't use mobile phones during lab hours.
