

Career Progression Report

Centre for Career Guidance and Development (CCG&D) Integral University constantly assists and guides students through multiple training programs to acquire, enhance and improve the required skills for a progressive career. Through constant and valuable training, development and information sessions by both internal & external experts, students of the University have been upgraded in terms of awareness & knowledge. As a result, our students have gained admission in prestigious institutions for higher education.

In the session 2020-21, a **total of 742 students** have progressed to higher education from various programs.

A few highlighted events:

Mr. David Flood, Director Ireland Enterprise making a presentation on **Career Opportunities in Ireland**.

Mr. Andrew John Geddes, Founder EURASIA, Institute for International Education, Berlin making a presentation on **Higher Education opportunities in Germany**.
